Buy War Savings Stamps Regularly

BUY INVESTING in War Savings Stamps you serve yourself and your country. The boys at the front are sacrificing the comforts of home, personal ambition, and, in many instances, their lives. You can at least save and invest in War Savings Stamps for their support.

Small Savings Are Worth While

Do you realize that if every one of the 6,000,000 customers of Sears, Roebuck and Co. would buy a 25-cent Thrift Stamp each week $1,500,000 would be added to Uncle Sam's War Chest every week? If every customer bought a War Savings Stamp each week, it would amount to a loan of more than $25,000,000 per week.

In War Savings and Thrift Stamps the Government offers you an easy way to invest your money in security that is backed by the resources of the United States.

These Stamps offer a convenient and patriotic method of *saving money.* It is not only a privilege to buy these stamps—it is a *patriotic duty.* Our boys and our Allies fighting in France and Italy must have guns, ammunition, airplanes, food and countless other supplies; your money must buy them.

How To Invest

War Savings and Thrift Stamps are sold by banks, postoffices, department stores, and many other authorized agencies.

Thrift Stamps cost 25 cents each. With your first one you will receive a Thrift Card to which your stamp should be attached. When your card is filled with sixteen Thrift Stamps ($4.00 in value) take it to any authorized agency and by paying a few cents additional, receive a War Savings Stamp attached to a War Savings Certificate. During July the War Savings Stamp will cost you 18 cents in addition to the filled Thrift Card, during August 19 cents, the price increasing one cent each month for the remainder of the year.

Four Per Cent Interest

Thrift Stamps bear no interest and serve merely as a means of purchasing War Savings Stamps in small installments. Buy War Savings Stamps outright if you can. The price is $4.18 in July, $4.19 in August, etc. A War Savings Certificate has spaces for twenty of these stamps. On January 1, 1923, the Government will return to you $5.00 for each Stamp attached to the Certificate. This enables you to build up a Government bond of any denomination from $5.00 to $100.00, the latter amount representing a filled Certificate. The interest upon your investment is 4 per cent, compounded quarterly. The Act of Congress authorizing the issue of these War Savings Certificates permits no one to own more than $1,000.00 worth (maturity value)—ten filled Certificates.

The War Savings Certificate should bear your name and address, and may be cashed only by you. If it is necessary that you have the money at any time before January 1, 1923, you may receive from any money order postoffice, by giving ten days' notice, the full amount of your investment, plus approximately 3 per cent interest.

You may secure absolute protection against the loss or theft of your Certificate by registering it at your local postoffice.

Small Savings Count—for You and for Uncle Sam—Buy Thrift Stamps

THE trend of the times is toward simplicity. The lines this season are perhaps less pronounced than they have been for some time. It is a season when the predominating styles are suitable for young and old, to every figure.

It is with a feeling of pride that we spread before your view coats and waists of the most desirable styles. Chosen from among the thousands that have been offered to us, they represent the choice of our experts. You will recognize in them, this season especially, unusual merit as to style, quality and value.

But not alone to the coats and waists do we wish to direct your attention. The entire wearing apparel section, on the first 350 pages of this book, including suits, skirts, dresses, muslin wear, millinery, corsets, shoes and knitwear, is most worthy of your careful examination.

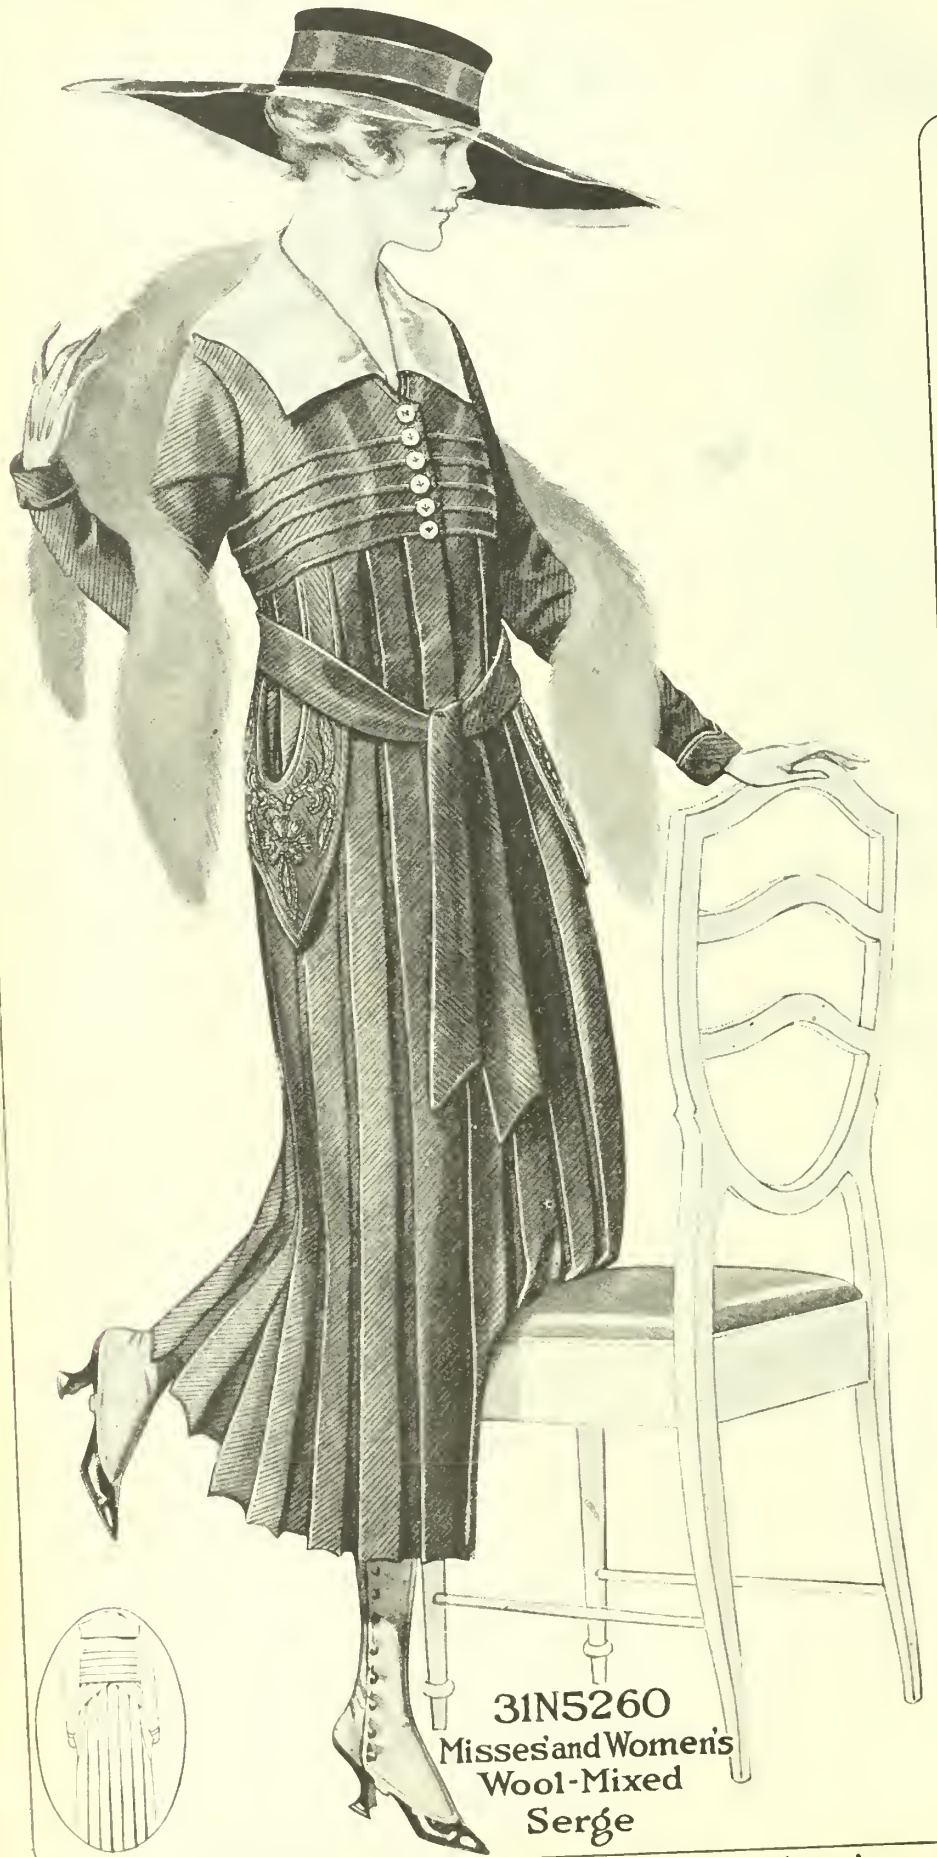
Wool Mixed Serge Dress for Women and Misses



31N5260
Misses and Women's
Wool-Mixed
Serge

THIS dress might well be called "The Patriot." Indeed, it represents the spirit of the day to such a degree that we feel it is entitled to this prominence.

In the conservation of wool "The Patriot" is a stanch supporter. Made from a mixture of good quality wool and cotton serge, it not only serves to reduce the consumption of wool, but makes for strength and long wear.

"The Patriot" accomplishes a real purpose, for it is made in such a way that a minimum amount of cloth is used, yet it is fashionable and decidedly attractive.

A complete description of "The Patriot" is given immediately below. We feel sure you will be pleased with it and that it will amply repay you in service, in style and in attractiveness.

Priced at $8.98, it is indeed a big value.

"The Patriot" awaits your call.

Each $8.98

MISSES' AND WOMEN'S WOOL MIXED SERGE DRESS. A charming version of the straight plaited effect so much in vogue this season, and made of our best quality wool and cotton mixed serge, containing approximately 50 per cent of each. The straight lines of this dress make it suitable for almost any figure, regardless of whether stout or slender, and at $8.98 it is extremely reasonably priced. The large collar is of white silk taffeta and can be detached for washing. The arrangement of the waist, both front and back, with rows of narrow tucks and good quality trimming buttons, is most attractive. A pleasing feature of this dress is the soft colored **hand embroidery** on the loose hanging side pockets. Dress fastens in front and has skirt sweep of about 74 inches. Misses' sizes, 14 to 20, and women's sizes 32 to 44 inches bust measure. **When ordering a misses' dress give size; for women's dress give bust, chest and waist measures and front length of skirt.** Average shipping weight, 2¼ lbs.

Complete Measuring Instructions Are on Order Blanks in Back of This Book.

SIZES Dresses offered on this page can be furnished in both Misses' and Women's sizes, as follows: **Misses'** sizes, 14, 16, 18 and 20, or 32, 34, 36 and 38 inches bust measure with average skirt lengths of 34, 35, 37 and 38 inches. **Women's** sizes, 32 to 44 inches bust measure with waist measure up to and including 35 inches and front skirt lengths of 36, 38 and 41 inches. **When ordering a misses' dress give size wanted; for women's dress give bust, chest and waist measures, and front length of skirt.**

No. 31N5302 Black. EACH **$12.65**

MISSES' AND WOMEN'S WOOL MIXED PANAMA DRESS. A smart and becoming dress, made of good quality Panama, approximately half wool and half cotton. This is a most satisfactory material and the style of dress is unusually attractive. The pretty kerchief collar is of white satin and the self material turnback cuffs are trimmed with same. The girdle, trimmed in front with large composition buttons and in back with large buckle, as shown in back view, is most attractive. The graceful tunic skirt is made with tunic gathered at waistline and trimmed with rows of narrow tucks at bottom. Dress opens in front and has skirt sweep of about 65 inches. Misses' and women's sizes. **Give measurements.** Average shipping weight, 2 pounds.

No. 31N5305 Navy blue.
No. 31N5306 Black. EACH **$15.50**

WOMEN'S WOOL POPLIN DRESS. A neat and attractive dress, made of excellent quality medium weight all wool poplin, a splendid dress material. The self material collar and the wide stitched-down girdle are prettily embroidered both front and back with silk and gold color tinsel, and the waist front and skirt front are trimmed with large ball shape poplin covered buttons. The sleeves are attached to good quality muslin underwaist. Armholes are silk military braid trimmed and cuffs are prettily embroidered. The skirt, made with wide box plait panel and knife plait on each side both front and back, has full sweep of about 80 inches. Dress fastens in front. A dress you can depend upon for excellent service. Women's sizes only. **Give measurements.** Average shipping weight, 2 pounds.

WOMEN'S ALL SILK SATIN MATERNITY DRESS. A beautiful dress, made of splendid quality lustrous all silk satin, offered for the woman who desires something better in a maternity style. The small collar and the vestee are of Georgette crepe and the large satin collar and sash of girdle are charmingly wool embroidered. Revers on waist front and cuffs are trimmed with ball shaped satin covered buttons. The skirt, made with long graceful tunic, has sweep of about 70 inches. Has adjustable elastic waistband and closes in front. Sizes, 34 to 44 inches bust measure, with skirt lengths of 36, 38 or 41 inches. **Give measurements.** Average shipping wt., 1¾ lbs.

31N5460 Maternity Satin

Our Maternity Dresses are cut along lines that will give the most comfort during the pregnant period. The adjustable waistband expands with the figure and does not allow the skirt to pull up from the bottom in an unsightly manner, or draw across the abdomen. Can be worn after confinement with slight, if any, alterations.

No. 31N5470 Navy blue, white figure. EACH
No. 31N5471 Black, white figure. **$7.89**

WOMEN'S COTTON FOULARD MATERNITY DRESS. Soft, semi-lustrous cotton foulard in a pretty pattern is the material used in this becoming and inexpensive maternity dress. The pretty collar and turnback cuffs are of sheer organdy, pin tucked and trimmed with neat lace edging. The skirt, with graceful side drapery, is particularly attractive and has full sweep of about 76 inches. Has adjustable elastic waistband and closes in front. Sizes, 34 to 44 inches bust measure, with skirt lengths of 36, 38 or 41 inches. **Give measurements.** Average shipping weight, 1¾ pounds.

No. 31N5475 Navy blue.
No. 31N5476 Brown. EACH
No. 31N5477 Black. **$10.98**

WOMEN'S WOOL MIXED PANAMA MATERNITY DRESS. Possibly no other material is more suitable for a maternity dress than this good quality panama, about half wool and half cotton. The arrangement of this dress, with yoke in front of waist and loose hanging side drapery extending from yoke far down the skirt, is most attractive and particularly appropriate for a maternity style. Long overcollar is of white silk poplin and trimming buttons are panama covered. Sash girdle passes through slots under box plaits in front. Has adjustable elastic waistband, closes in front and has skirt sweep of about 82 inches. Sizes, 34 to 44 inches bust measure, with skirt lengths of 36, 38 or 41 inches. **Give measurements.** Average shipping weight, 1¾ pounds.

EACH

No. 31N5055 Black and white check with navy blue. **$6.98**

JUNIOR WOOL MIXED SHEPHERD CHECK SERGE DRESS. A decidedly pretty dress, made of good quality shepherd check, about 25 per cent of wool, and navy blue serge, about 50 per cent of each wool and cotton. The combination makes a particularly attractive effect, and the semi-high waisted effect is most becoming to young girls. The vest is trimmed with rows of soutache braid and large select quality pearl buttons and top of pockets with soutache braid. Fastens in front and has skirt sweep of about 70 inches. Junior sizes, 13, 15, 17 and 19 only. **Give size wanted.** Shipping weight, 2 pounds.

EACH

No. 31N5060 Navy blue. **$10.69**

JUNIOR ALL WOOL SERGE DRESS. This exceptionally low priced dress is made of excellent quality all wool serge and is prettily trimmed throughout with silk braiding in contrasting color. Large collar is of white silk Bengaline and the vest of red color silk poplin. Red silk braiding, from shoulders down each side of wide panel front waist and down back of skirt and on cuffs, is extremely attractive. Note the pretty sleeves of this dress as shown in back view. Skirt is in front and has skirt sweep of about 55 inches. Junior sizes, 13, 15, 17 and 19 only. **Give size.** Shipping weight, 2 pounds.

EACH

No. 31N5015 Navy blue.

Unusual Skirt Value

$3.98

THE SKIRT shown on this page was designed as a general utility skirt, with the idea of offering to our customers a garment made of good wearing material in a style that would give the correct lines to the figure and that still could be sold at a price which would coincide with the spirit of war time economy. This specially priced garment is made of our half wool and half cotton serge, known for its durability and good appearance. The price of $3.98 is as low as good workmanship and correct designing will allow.

The plaits fall in just the right place and the sweep is 72 inches, allowing plenty of room for movement. Although we offer on other pages of this catalog skirts made of all wool and fancy materials, nowhere do we show a skirt for which you will receive more value in exchange for the low selling price.

THESE beautiful fur hats are the finest quality we have ever sold. We could have purchased lower priced hats which might have looked the same as these to anyone not familiar with furs, but they would not have given the real satisfaction and good wear which our hats will give. In considering our prices, please remember that the fine quality clipped coney fur used in these hats is much more costly than the long hair coney used in some of the cheaper hats we sold last season. The clipping process produces the effect of sealskin and, when well done, the finished hats are most beautiful. All of our hats have fitted linings made of messaline silk or fine satin. The workmanship is guaranteed high class in every respect. Average shipping weight, 2 lbs.

No. 18N6850 **$7.45**
One of our finest hats. Made of selected muskrat fur, dyed in perfect kolinsky color (rich dark brown). May also be had in natural muskrat (shaded tan to brown).

No. 18N6858 **$5.98**
A turban well suited for mature women. Made of clipped coney fur with close fitting brim, higher on left side. One of our most stylish hats. **Color, black only.**

No. 18N6865 **$6.25**
This beautiful hat is suitable for skating and all Winter sports. Made of high grade coney fur. Can be ordered in white, black or mole gray.

No. 18N6872 **$6.95**

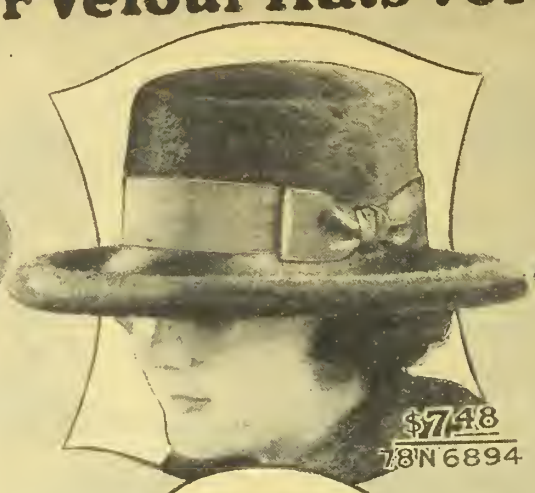
Genuine Beaver Velour Hats-Very Fine Quality



A genuine Beaver Velour Hat is an article of such unquestioned style and value that the first cost is lost sight of in the satisfactory wear and long service which such a hat will give. With even ordinary care, a hat such as we offer will wear two seasons. These hats have a furlike appearance with a silky luster. The bands are of a very high quality grosgrain ribbon, and each hat has a perfectly fitted satin lining which matches the color of the hat.

WE highly recommend these fine quality hats, which are made of good silk faced velvet combined with zibeline plush ironed into a glossy satin like fabric. The shapes are most becoming and include styles suitable for both young and mature women. Those hats having the full plush crowns and upper brims are, of course, more costly than those in which only the top of crown is made of plush.

Come in black only.

Weight, packed for shipment, about 2½ pounds. If parcel post shipment, include amount of charges extra.

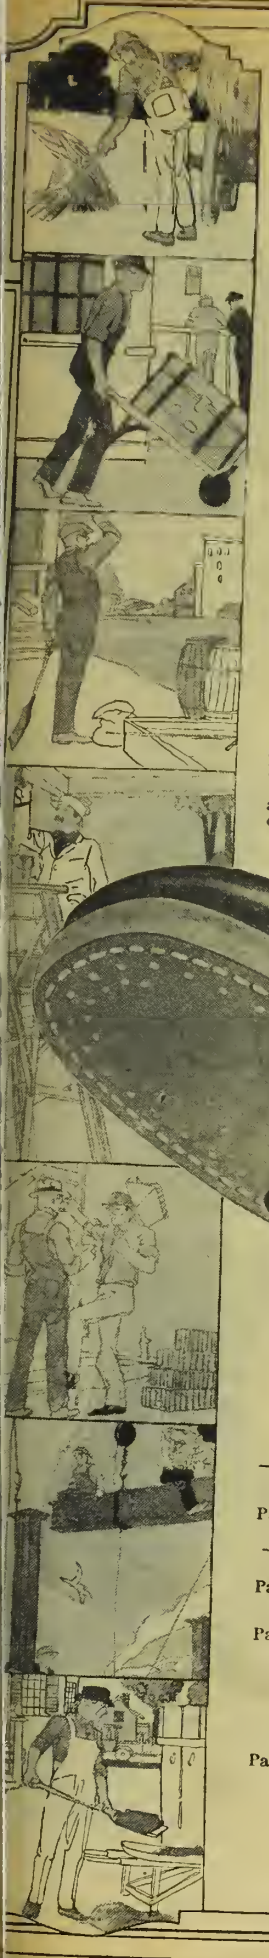
Cromax Solid Leather Soles
The Sole for Service



IT'S IN THE TANNING. CROMAX IS GENUINE COWHIDE.

CROMAX is our trade name for a superior quality of sole leather, tanned by a special chrome process.

A shoe is as good as its sole. The stronger the sole, the better the shoe. We guarantee Cromax real leather soles are tougher and more durable, will outwear, outwalk and outlast any other kind of leather sole of equal thickness. If they do not, we will replace the shoes free of charge, or return your money. The strength, the toughness, the wear, the service in Cromax soles is in the TANNING. This tanning by the chrome process of selected sole leather of prime wearing quality is done in our own tannery, located in the largest and best known tanning district in the Middle West. Men who are recognized experts in the making of good sole leather carefully select the hides which are to be made into Cromax soles. The result of this chrome tannage, which toughens and tightens the fiber of the hide, is a shoe sole we unhesitatingly recommend for the supreme test of wear and service.

Cromax leather soles are also treated by a waterproofing process, making them as nearly WATER and ACID RESISTING as leather can be.

For the most of shoe value, as represented by the greatest wear and service for the money, we recommend shoes with Cromax leather soles.

OUR CROMAX GUARANTEE.

We guarantee Cromax Soles to outwear the usual leather shoe soles of the same thickness. If they do not do this, we are ready to return your money, together with the transportation charges you paid.

Note carefully the list below, which gives the pages and catalog numbers of shoes with Cromax soles quoted in this catalog.

Cromax Is Genuine Cowhide

It Is Not a Leather Substitute.

Cromax leather sole shoes are particularly adapted for school wear because of their toughness and durability. They will stand up under the hard knocks and rough usage which boys' and girls' shoes ordinarily receive. The shoes quoted on this page will give the utmost of service and satisfaction, and based on the cost per year represent a real saving which is the true measure of Shoe Economy. We guarantee Cromax soles to outwear the usual leather shoe soles of the same thickness.

SEE PAGE 244 FOR EXPLANATION OF SHOE TERMS.

Children's Sturdy Sole Shoes

Number of buttons, eyelets and height of top vary according to size.

ALL Children's Shoes quoted on this page carry sturdy soles attached to the uppers by McKay Sewed Process, making them rigid until worn a few times. For lighter weight and more flexible Infants' Shoes, refer to other pages in this catalog.

Did you polish or oil your shoes today? A little shoe blacking or oil is the same to leather as paint is to a wooden building or iron bridge. A little attention now and then will make the uppers of your shoes wear longer, also look better.

Misses and Children's Shoes for Dress and School Wear

Number of Buttons or Eyelets and Height of Top Vary According to Size.

Warm Lined School Shoe

In the face of rising costs of leather, our usual high quality standard has been fully maintained in both the construction and leather of all our shoes. In many instances quality has been improved to give the greatest possible wear. The shoes on this and the following page have received special attention to meet the hard-usage usually accorded shoe leather by healthy youngsters. These shoes will give the wear you have a right to expect. Every shoe, except patent leathers, has a long vamp not cut off under the tips.

The Commercial Economy Board of the Council of National Defense ordered the elimination of certain styles, because of the necessity of saving leather, other material and labor. Nos. 15N7483 and 15N7485 are slightly higher than the Board permits, but they were made up before this ruling was made, and we are permitted to sell them only as long as our present stock holds out; for in obeying these orders we can neither manufacture nor buy any more shoes of this height.

Green Rough Finish Split Leather Shoe in Button or Lace Style—Cromax Sole—Stitchdown Welt Construction—Foot Form Shape.

Shipping wt., 1¼ lbs.

Our famous "Convincer" Play Shoes for boys and girls are constructed by the stitchdown welt process, assuring the maximum of comfort on account of having absolutely smooth, solid leather innersoles, built over foot form lasts, allowing the foot the freedom of growth that Nature intended it to have. All materials entering into their construction are selected with the view of giving hard service without sacrificing appearance or style.

STITCHDOWN SHOES can be resoled either by nailing the soles or stitching them on. We recommend the stitching, as that leaves the shoes in their original state, with smooth innersoles, eliminating all danger of injuring the youngsters' feet.

Number of buttons, hooks or eyelets and height of top vary according to size.

Shipping wt., 1¼ to 1¾ lbs.

The Commercial Economy Board of the Council of National Defense ordered the elimination of certain styles, because of the necessity of saving leather, other material and labor. Nos. 15N7479, 15N7480, 15N7493, 15N7494, 15N7455 and 15N7456, are slightly higher than these restrictions permit, but were made up before this ruling was made, and we are permitted to sell them only as long as our present stock holds out, for in obeying the orders of the Council of National Defense we can neither manufacture nor buy any more shoes of this height.

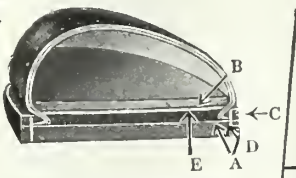
Frolic Shoes for Children

Nature's Foot Form Last

OUR BEST QUALITY CHILDREN'S FOOTWEAR



GOODYEAR WELT SOLE.
A—No. 1 Selected Outersole.
B—Smooth Leather Innersole.
C—Leather Welting.
D—Waxed Thread, Goodyear Stitching.
E—Cork Filling.

The cost of Frolic shoes should not be figured by the cost per pair, but by the cost per year.

Frolic shoes are built over a roomy foot form shape last to permit the feet to grow as Nature intended them to. Every shoe on this page has a Goodyear welt sole, assuring shape retaining footwear. After a few hours' wear these shoes will adapt themselves to the tread of the foot and become flexible and pliable. The soles are solid leather: a cork filler between inner and outer sole.

Upper leathers are cut from reliable stock with a view to making ideal shoes for dress or school wear. The soles are cut from thoroughly high grade leather and will give much more than the ordinary amount of wear. All linings and trimmings entering into the construction of Frolic shoes, as well as the workmanship and general finish, are a grade fully in keeping with the high quality of the shoe as a whole.

All shoes on this page are wide widths.

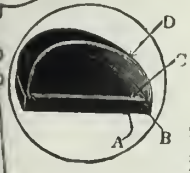
Frolic Shoes *for* Children



TURN SOLE.
A — Heavy Selected Hand Turned Outersole, Affording Great Flexibility.
B — Waxed Thread Stitching.
C — Sock Lining.
D — Box Toe.

The FROLIC Shoes on this page are built over the same roomy foot form shape last as those shown on the opposite page. They are made of the same excellent wear resisting materials and have a similar excellence of expert workmanship and finish. These shoes, however, have a hand turned construction instead of a Goodyear welt. This gives the shoes greater flexibility, as the hand turned construction consists of a single thickness of solid sole leather. It is a less expensive shoe, but cannot be repaired as satisfactorily as a shoe with a Goodyear welt construction.

Black Light Weight Kid Uppers—Button Style—Medium Weight Flexible Turned Sole—Patent Leather Tip. White Leather Collar.

Most of the foot troubles of grown people can be traced to the days of their babyhood when very little attention was paid to the shape and fitting of the shoes they wore.

The baby's foot is soft and pliable, and shoes having a tendency to bind across the ball or wide part of the foot, especially across the toes, will, without exception, retard the natural growth of the foot and in a great many cases cause permanent injury.

All infants' shoes listed on this, as well as on other pages in our catalog, are constructed on lines that are practically and scientifically correct. Every shoe has a full foot form shape, plenty of room across the ball, instep and toes.

If you are not sure what size to order, use our size chart on page 245 and you will fit your baby with a pair of shoes that will make its little feet comfortable.

Occasionally the soles of baby shoes may be a trifle rigid when first received. Try the shoes on the baby; if the fitting qualities meet with your approval, let the little tot wear them. You will be surprised how flexible they become after a few hours' wear.

The soles are hand turned, the most flexible process known to modern shoemaking.

Boys' and Little Gents' Kicker Shoes

CROMAX SOLE LEATHER

These shoes are made with sole leather tips, for boys that play hard and are kickers. Boys' shoes usually wear out first at the tip, then the soles. To give extra shoe wear and service these shoes are made with Cromax leather soles, a description of which can be found on page 189. Boys' shoes require extra quality in materials and manufacture to give thoroughly satisfactory wear. Our sole leather tips and Cromax soles are built to give this genuine shoe satisfaction.

All Shoes on This Page Are Wide Widths.

Black Storm Leather Button—Sole Leather Tip for Protection Against Kicks and Knocks—Full Vamp Not Cut Off Under the Tip, Which Makes Double Strength—Vamp Stitched With Three Rows of Strong Thread, Middle Row Thoroughly Waxed—Dull Top—Low Heel—Heavy Cromax Leather Sole—Simplex Welt—Comfortable Toe—Scarsmade. **A high grade shoe especially recommended for wear.**
Shipping wts.: Boys', 2¾ lbs.; Little Gents', 2⅛ lbs.

Copper Tip Shoes for the little fellows who constantly play and kick at every obstacle that is in their way. They protect the toes against hard knocks. The upper leather is very durable. Full vamps (not cut off under the tip) make double strength. They are made with heavy Cromax soles, clinch nail fastened. Buy Cromax soled shoes, because they wear longer and will save you money. Wise economy is more important today than ever before.

No. 15N5498

Men's Shod-Rite Shoes

Cushion Soles

Cushion Soles

Shod Rite

Trade Mark Registered in U. S. Patent Office.

$4.95

$4.95

All Shoes on This Page Are Wide Widths.

The Shod-Rite Shoes shown on this page have unusual features to recommend them. The uppers are made of glazed horsehide, which is similar in appearance and softness to vici kid and has splendid wearing qualities. The heavy felt innersole acts as a cushion to the sole of the foot, making walking easy and giving comfort to sensitive feet. The outersoles are of specially selected stock. These features, combining comfort with excellent wearing qualities, make a shoe which represents the best of real shoe service and satisfaction.

Shoe Economy.

The biggest part of your shoe expense is due to the way the soles wear out. Here is a work shoe with the new Cromax leather soles, which are more durable than ordinary soles, and they will save you money, because they will wear a long time. For field and barn, garage or factory, there is no shoe in our catalog that will give you greater comfort or more service for your money.

This shoe is built on the last used by the United States Government for army shoes. Has soft toe. It does not cramp or pinch the foot, allowing the bones and muscles of the foot free and easy action, giving real solid comfort to the wearer.

Extra Quality Flintrock Rubber Footwear

Rough Weather Footwear

We illustrate and describe three different grades of rubber footwear in our catalog.

Our Extra Quality grade is called **Flint-Rock.** The materials and workmanship in this grade are of the best. **Flint-Rock** footwear is vulcanized by a special process which makes them exceptionally strong and durable and suitable for the hardest usage to which rubber footwear can be subjected. The selling price of this grade is slightly more than that of other grades we carry, on account of the additional cost in manufacture.

Our regular First Quality grade we call **Profile.** This grade represents the quality which is suitable for all ordinary purposes and occasions and will give genuine satisfaction.

Our Second Quality grade is called **Gibraltar.** This grade will give ordinary good wear and is a good value for the price asked.

The Government requirements have caused a shortage in High Gaiters and Rubber Boots. While our supplies are large, we advise our customers to give us first and second choice in order to avoid any disappointment in filling their needs for rubber footwear.

If you receive a Rubber Overshoe that is not exactly like the catalog picture, it is not always a substitute. On some styles, no single rubber mill can make enough to supply the tremendous demand of our customers, so we are obliged to buy from *several* mills. Thus there may be slight differences in details of construction.

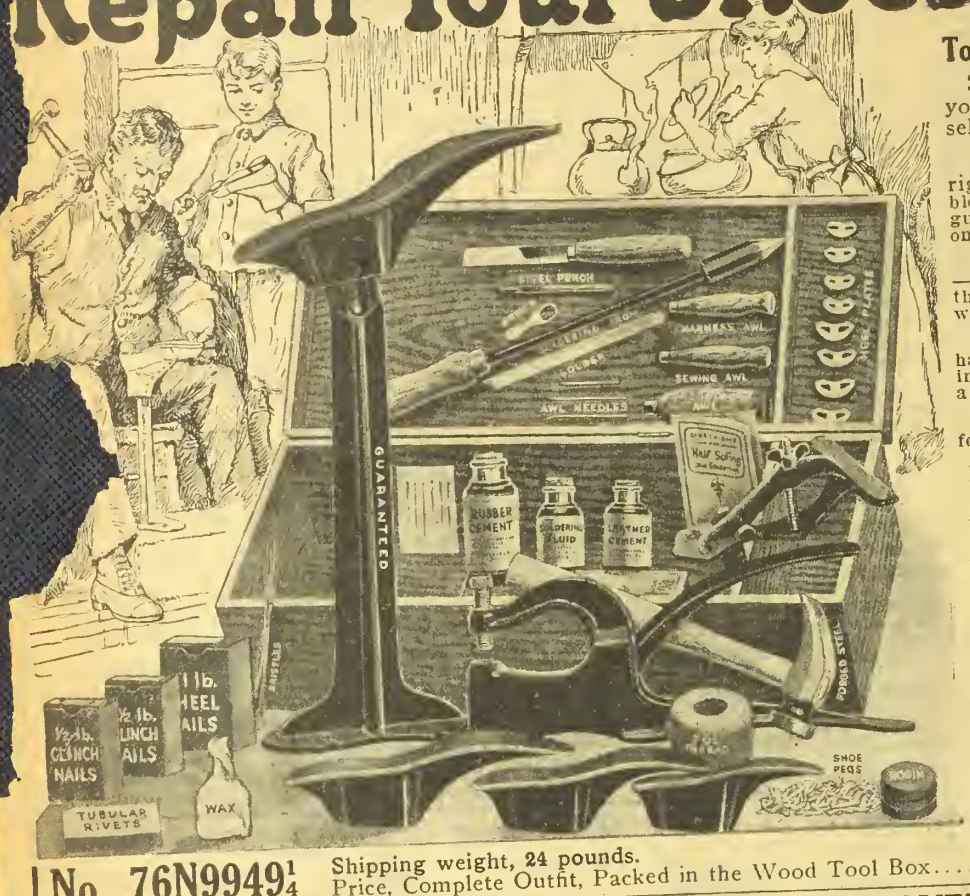
Repair Your Shoes at Home



Tools to Help You Take Care of Your Shoes

Shoes cost more money now than ever before, but you'll save more now by repairing them yourself.

Shoe repairing is easy when you have the right tools—and it's inexpensive, too. Our cobblers' outfit is complete and reliable; every tool guaranteed to give entire satisfaction. Instructions on how to repair shoes sent with each outfit.

One of these cobbler outfits should be in every home—it will prove especially valuable in homes where there are children, for children, as a rule, will wear out even the best shoe soles.

With this outfit you can also make many repairs in harness and other leather materials. Tools for soling metal ware are included in this outfit. Packed in a handy, well finished wood tool box.

This outfit will more than pay for itself in just a few months' time.

- 1 Wood Tool Box.

Arch Supports and Foot Needs

TREATMENT OF THE FEET.

Arch supports serve a special purpose. Many people, especially those walking or standing a greater part of the day, suffer with broken down or weakened arches. A good arch support will hold up this weak or broken arch, help, to bring it back to its normal condition and relieve the trouble. Do not start with too high an elevation. Change every two or three months and fit a slightly higher arch until the natural form and curvature of the foot is resumed.

Especially beneficial for persons of heavy weight, for policemen, motormen, workmen, and all who are obliged to stand for several hours per day.

Consult your physician before ordering to see that you order the proper support. They are all of about the same grade material, the only difference being in the shape, curvature, springs or special form for certain foot troubles.

$1.89

Metatarsal Arch Support.

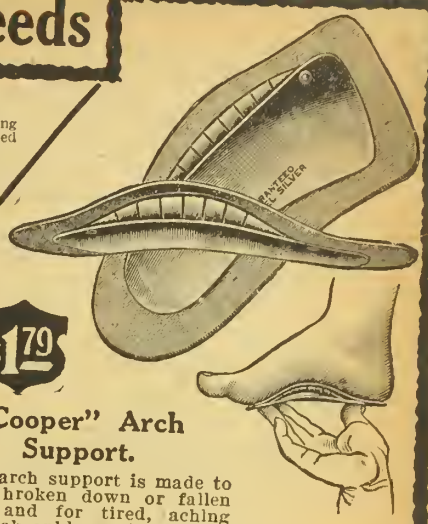
An arch support specially designed for the relief of what is known as the Morten's Toe or Metatarsalgia disease which causes a sudden cramplike pain in the region directly back of the toes. It frequently extends to the ends of the toes and in the foot and causes a constant irritation of the ball of the foot. This Metatarsal arch support is made to raise these bones slightly, equalizing the body's weight and relieve the pressure on the ligaments and digital nerves. Made of nickel silver and good grade leather. State size of shoe and if for man or woman. Shipping weight, 1 pound.

No. 8N2706 Price, per pair.....$1.89

HOW TO ORDER.

In ordering arch supports follow these directions carefully unless you are sure of your size and the style you want.

Place your foot on a piece of blank paper and with a pencil held perfectly upright draw the outline of each foot and mail with your order. Place the weight of your body on the feet. These outlines will enable us to select the correct size. Also give the size of shoe worn.



$1.79

"Cooper" Arch Support.

This arch support is made to relieve broken down or fallen arches and for tired, aching feet, weak ankles, pains up and down the leg and callouses brought about by fallen arches. No larger shoe required. Gives firm yet springy support to the arch and instep. Prevents flat foot by bridging the weight of the body from heel to toe. Made of good grade leather and nickel silver springs. State size of shoe and if for man, woman, boy or girl. Shipping weight, about 1 pound.

No. 8N2708 Price, per pair.....$1.79

"Harvard" Arch Support.

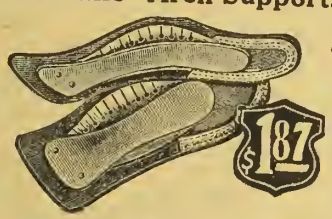
$1.49

A correctly shaped arch support curved sufficiently high to uphold the broken arch. A good strong support. Recommended for heavy people. Fine quality leather tops. Plates of nickel silver. State size of shoe and whether for man or woman. Shipping weight, 8 ounces.

No. 8N2702 Price, per pair...$1.49

No. 8N2703 Same as above, but for children. All sizes. State size shoe worn. Price, per pair.....$1.35

"La Salle" Arch Support.

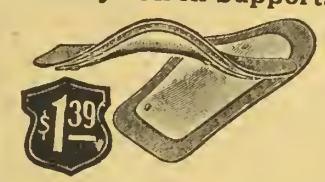


$1.87

This support is provided with a cushion under the heel of the foot which relieves the pressure and gives relief to a sensitive heel. Both plates made of nickel silver with good grade leather top. State size of shoe and if for man or woman. Shipping weight, 14 ounces.

No. 8N2700 Price, per pair...$1.87

"Utility" Arch Support.



$1.39

A good moderately priced instep supporter adapted for beginning cases of broken down or fallen arches. It is correctly shaped with the proper elevation. Nickel silver plate, leather covered. State size of shoe and whether for man or woman. Shipping weight, 13 oz.

No. 8N2707

Price, per pair.....$1.39

"Comfort" Arch Support.

98c

A popular arch support with wide and comfortable plate, to give relief to the pressure and pain caused by the broken down or fallen arch. Light but strong. Made of fine quality nickel plated spring steel. Leather covered. State size of shoe and whether for man or woman. Shipping weight, 8 ounces.

No. 8N2704 Price, per pair.....98c

A Brief Description of Materials Used in Our Shoes and an Explanation of Shoe Terms Used in This Catalog

We are constantly trying to make our shoe descriptions easily understood and absolutely accurate, without adding confusing details. We believe the following will prove helpful.

Bellows
A very wide Tongue generally used on Work Shoes; Full Bellows being stitched to each side of the Shoe all the way to top and Half Bellows being stitched only half way up.

Blucher
A Shoe with an upper having two flaplike parts that can be drawn together with laces, thus binding the shoe onto the foot. The Blucher is easiest to get on aud off, as it opens wider than other Lace or Button Shoes.

Bootee
A name frequently applied to Semi-High Cut Boots and Shoes.

Box Grained
Meaning a "criss-cross" or right angled boxlike graining or embossing ou leather—a surface finish.

Cabaretta
The name of a leather made from the hide of an animal which is a cross between a sheep and a goat. This leather partakes of the character of both. It is similar in finish to kid, but without equal wearing qualities.

Calf or Calfskin
Tho word refers to the size and weight of the skin, NOT to the age of the animal from which it came.

Cavalry Heel
A medium height Heel similar to the Military but with somewhat heavier lines.

Chrome
A tanning process that makes Leather tough and pliable. Chrome tanned UPPER leather, in the lighter weight called "ELK," is very soft and easy on the foot. The dark green Chrome Soles are heavily waxed and waterproofed and are great wear resisters.

Colonial
A low Shoe or Slipper, like a Pump, ornamented with a tab and buckle, or a bow, on the vamp.

Congress
A Shoe having elastic gores in the sides as the only means of holding it onto the foot.

Counter
The stiffening material at back of shoe, immediately over the heel. Counters are made either of Leather, Fiber or Pressed Paper. The material most generally used for this purpose is Fiber molded under tremendous pressure. All of our counters are guaranteed to give satisfaction.

Creedmore
A name applied to Men's Heavy Work Shoes with tops like Bluchers.

Cromax
See page 18

Cuban Heel
A moderately high heel with slightly curved back aud nearly straight side lines.

Cuban Louis
A combination Heel having a slightly curved back part like a Cuban Heel and a curved front or "Breast" like a Louis or French Heel.

Dri-Foot
An excellent oil dressiug that helps to preserve Leather and make it turn water.

Fox or Foxing
Trimming over or around the back of a Shoe, generally over the counter.

Full Vamp
A vamp of one piece of leather—that is, not cut off or pieced under the Tip.

Goodyear Welt
A very satisfactory method used for attaching Soles to fine Shoes. A narrow strip of Leather, called a Welt, is fastened to the side of the Upper by SEWING through the Welt and Upper to the UNDER SIDE of the Innersole. The Outersole is then sewed to the Welt on a GOODYEAR stitching machine. This method insures a smooth Innersole, with no thread or tacks in contact with the foot.

Gore
A web or cloth covered elastic rubber used in Shoes and Slippers to keep them on the foot.

Grain
Refers to the natural finish of the side of the Leather from which the hair was removed. There are also Artificial Grains produced by embossing.

Gunmetal Finish
Unless otherwise plainly stated in this catalog the word Gunmetal generally means dull finished Leather made from small Cowhides of various weights and in rare instances from Horsebides.

Hi-Cut
Meaning high cut; applied to all Shoes with tops higher than usual.

To understand more clearly what is meant by Misses', Children's, Little Gents', Infants', etc., we present the following chart:

Classification	Sizes	Ages
Misses'	11½ to 2	About 9 to 12 years.
Children's	8½ to 12	About 5 to 8 years.
Boys'	1 to 5½	About 9 to 14 years.
Little Gents'....	9 to 13½	About 4½ to 9 years.
Baby Boys'.....	6 to 9	About 3 to 4 years.
Infants'	2 to 8	Up to about 4½ years.
Infants' soft soles and moccasins	0 to 3	Up to 9 months.

Horse—Glazed Horse
A Leather made from light weight Horsehide. It is somewhat similar in appearauce and "feel" to a good heavy Kid.

Innersole
The inside of a shoe to which the upper leather and outersoles are attached.
Innersoles are made either of Leather, Fiber or a combination of Leather and Fiber; Felt and Canvas are also commonly used, and in shoes intended for Summer or indoor wear, innersoles are frequently made of Pressed Paper. We guarautee our innersoles to give satisfactory service.
In certain lines of shoes, notably Women's Comfort Shoes, the removable Cushion Sock Lining is frequently referred to as an "Insole." This also applies to the Felt, Fiber or Cardboard Filler often used in Turned Shoes to provide a level bearing surface for the foot.

Juliet
A woman's or girl's Slipper having high front and back, either with or without elastic gore in the sides.

Kangaroo Grain
An embossed surface finish on Grain and Split Cowhide. Kangaroo Grain is merely a trade name and not to be confused with Kangaroo leather, which it is not even an imitation of.

Kid
In this catalog the word "KID" means Leather made from the skin of a Goat. Kid is quite commonly known as "VICI," which is simply a trade name for Leather of this kind.

Leatherette
Used for [illegible] Soles on Infants' Soft Sole Shoes in place of sheepskin, has a fabric base, composition surface.

Lotus
A trade name applied to a soft, tough tan colored Chrome Leather, with a grained finish.

Louis Heel
Another name for French heels. The term Louis is generally applied to any Heel having a curved front or "breast."

McKay Sewed
A method of fastening Soles on Shoes whereby the Innersole and Outersole are attached by sewing THROUGH both Soles and the Upper at ONE operation on a McKay stitching machine.

Military or New Military Heel
A medium height Heel, just now much in vogue, having nearly straight sides or back.

Moccasin
An Indian name for a Slipper or Shoe having sides and sole of one piece of Leather.

Nailed—Clinch Nailed
This method of bottoming a Shoe is generally used on heavy Shoes for rough service. The Upper is pulled over and Nailed to the Innersole. Then the Outersole is securely fastened with nails that go through the Upper and clinch into the Innersole. Sometimes a row of stitching is added near the edge of the sole to give more strength.

Nu-Buck
A trade name for various kinds of Leather having a velvetlike finish.

Oil Grain
An oiled Side Leather with a fine pebblelike grain on the surface.

Oxford
A Low Shoe or "half shoe" that may be held on the foot by buttons, laces, ribbon or elastic gore.

Patolite
An imitation of Patent Leather, but made with a Fabric base instead of Leather Used for Infants' Soft Sole Shoes.

Pebble Grain
A surface finish on Side or Split Leather, having a fine pebblelike appearance. It is almost always stamped or embossed.

Pump
A straight sided Low Shoe with no straps or other means of holding it onto the foot, except its own binding fitting qualities.

Quarter
The side of the back part of a Shoe. Whole quarter means a back part and top in one whole piece.

Re-Tan
A method of tanning UPPER leather, first in Bark or Vegetable liquor and then a bath in Chrome liquor to make it wear better, and especially make it resist the action of barnyard acids.

Romeo
A name applied to Men's Slippers; usually made with elastic gore sides and front and back pads that go above the ankles.

Sandal
A low cut shoe or slipper having one or more straps which help to hold it on the foot.

Satin Calf
A term used to describe a smooth finished side Leather from which the grain has been buffed off.

Shank
The inside stiffening used in narrow part of sole between heel and ball of shoe. Shanks may be made of Steel, Wood or Fiber, according to grade and style of shoe.

Side Leather
In this catalog this term is applied only to grain leather or leather from which the grain has been slightly removed by buffing. It is made from hides larger than calfskins and is cut in two down the back, making two sides to each hide.

Simplex Welt
In this method of fastening soles on medium grade and heavy Shoes, a narrow strip of Leather, called a Welt, is generally stapled or tacked through the Upper into the Innersole. The Outersole is then sewed to the Welt on a Goodyear stitching machine, exactly the same as a Goodyear Welt.

Split Leather
Cowhides are generally too thick to be used as Upper Leather, so they are split into sheets, thus making two or more hides out of one. Some Splits are finished smooth, like Gunmetal, and sometimes left rough, and often sold as "OOZE," "BUCK," "MULESKIN," etc.

Stitchdown
A Sole fastening method, wherein the edge of the Upper is turned OUTWARD and stitched through the Sole. Stitchdown Welt means that a narrow strip of Leather (a Welt) is laid over the out turned edge of the Upper before the stitching is done. This method insures a smooth Inner Sole without tacks. Generally used in Moderate Priced Shoes.

Top Lift
Meaning the lowest part of a Heel—the part that touches the floor.

Turn—Hand Turned—Turn Sole
In this method of attaching soles to shoes, the Upper is turned inside out and sewed to a reverse or inside side of the sole, after which upper and sole are turned right side out. Turned shoes are flexible when made with a single sole and are more flexible when made by any other process.

Vamp
The fore part of the Shoe over front of foot and toes.

Vici Kid
The word "Vici" is a trade name that has come into general use for describing Kid Leather made from Goatskins.

Wax Calf
The leather made from small cowhides finished on the flesh side.

Wedge Heel
A piece of leather or other material inserted—"wedged"—between the Outersole and the side of the Heel Seat.

Welt
A narrow strip of Leather which is fastened to the upper of a Shoe and to which the Outersole is attached.

Wide Widths
Generally means "E" wide. Our shoes will fit "D," "E" or "EE" feet, as the variation is not great.

$1.98 Each — A Perfect Fitting Corset for Every Normal Figure

Front and Back Lacing Styles

Choose From the Fourteen Styles Shown on These Two Pages

EVERYONE will recognize the economy made possible by standardizing a product. We have standardized the quality of the fourteen corsets shown in this group, using the same high grade coutil, the same dainty lace and batiste trimming, the same high grade hose supporters and the same fine non-rustable boning in all. In fact, the quality is the same in every detail and they are truly wonderful value.

If you show your approval of our simple selling plan by selecting a corset from this group, we are going to maintain these exact styles in our catalog, so that you can reorder again and again when once you have found the corset which best suits your figure. It may be necessary to change our selling price slightly if market conditions change, but the high standard of quality we have set for these corsets will not be lowered.

Our corset pages offer many opportunities for the selection of a lower priced corset than is shown on these two pages, and we can guarantee you full value for your money at whatever price you choose to pay. The corsets in this group, however, were made to meet a certain standard of wearing quality, and the selling price was determined **after** the quality requirements had been met.

Good quality long corset lacer sent free with each corset.

HOW TO ORDER YOUR CORSET.

Unless you are now wearing one of our corsets it is important that you follow these instructions, as our corsets are cut to agree with this plan of measuring:

Take your waist measure tight over the corset you are wearing and deduct 2 inches for the spread of the lacing. Example: If your waist measures 28 inches, order corset size 26. **Always give us your CORSET size, not waist measure.** Average shipping weight of corsets, 2 pounds.

Front and Back Lacing Styles

Choose From the Fourteen Styles Shown on These Two Pages

THE remarkable quality of the fourteen corsets included at this selling price is positive proof of the advantages gained in manufacture by standardizing materials. In these corsets we are using an exceptionally high grade, durable coutil. The trimming is a beautiful satin taffeta ribbon, edged with narrow silk braid. The hose supporters are of very excellent quality. The boning is guaranteed non-rustable; is perfectly strong, yet flexible. In those corsets where elastic bands or inserts are used, the elastic is a fine grade and well worth particular mention.

A good quality, well made corset certainly pays its way in service and comfort giving satisfaction.

It is our aim to continue these same perfect fitting styles in our stock, providing our customers show their approval of this plan by their continued orders and reorders.

Price considered, we can recommend these corsets as among the greatest bargains in our entire line. **We send a fine quality, long lacer with each garment.**

Our Finest Corsets $3.98 Each

We Earnestly Recommend the Six Splendid Corsets Grouped on This Page

These corsets are made in a factory whose specialty is fine garments only, where every detail of construction is carefully watched and where fitting quality is the first consideration. This simple statement is a guarantee to you of perfect satisfaction in every way.

The materials used are very fine. Strong fine coutils; rich looking but simple, durable trimmings. Extra fine hose supporters (six of them). Strong elastic inserts where needed. A fine quality lacer is included.

The boning is a feature worthy of special mention because of its high quality and wear resisting features. It holds the corset in perfect shape and at the same time is so pliable that it is most comfortable to the wearer.

Models for slender, average or stout figures.

HOW TO ORDER YOUR CORSET. Unless you are now wearing one of our corsets it is important that you follow these instructions, as our corsets are cut to agree with this plan of measuring:

GUARANTEED
For Six Months Wear

$2.59 EACH

WE GUARANTEE

to replace within six months from date of purchase any corset selected from this page should the fabric split or tear, the bones break or rust, or if for any defect in material or workmanship the corset does not give good wear.

The use of the word GUARANTEED carries with it a definite promise from the seller to the buyer, and you are not fair to yourself if you do not take advantage of your rights, whether you buy a guaranteed corset from us or any other firm.

These corsets are well made of fine quality firm coutil and have dainty embroidered trimmings, six hose supporters, also two rubber inserts in the skirt of each. A lot of substantial value in the way of strong interlinings and fine boning cannot be seen from the outside; it is this good foundation, however, which enables us to make our liberal guarantee.

We include at the price quoted good long lacers and instructions for putting on your corset.

HOW TO ORDER YOUR CORSET.

Unless you are now wearing one of our corsets it is important that you follow these instructions, as our corsets are cut to agree with this plan for measuring.

Take your waist measure tight over the corset you are wearing and deduct 2 inches for the spread of the lacing. Example: If your waist measures 28 inches, order corset size 26. Always give us your **corset size**, not waist measure. Shipping weight of corsets, 2 lbs.

Corset Specialties *for* Slender Women

No. 18N127 **$1.48**

Perfect form and corset combined. This stylish figure builder has perfectly shaped built-out bust and gives the slender, flat chested woman the correct proportions. Shoulder straps are easily adjusted. Made of strong batiste, well boned and stayed. Neat braid trimming. Fastens at back and side. Four good hose supporters. Coreet sizes run from 19 to 28. **Give your corset size.** See "How to Order Your Corset," on this page, to get your corset size; also give length from armpit to waistline.

No. 18N132 **$1.85**

This corset and bust form is different from our popular No. 18N127, because the bust is soft and is fitted with a removable washable lawn pad or ruffle that can be gathered to any desired fullness, giving a most natural soft appearance. Just the corset that the slender or flat chested woman has been looking for. It gives all the support of a corset from the waist down, as it is strongly but flexibly boned. Made of strong batiste with neat trimming. Fastens in back with straps and buckles. Shoulder straps easily adjusted. Four hose supporters. Corset sizes, 19 to 28. **State corset size wanted.**

No. 18N126 **65c**

Popular Bust Form.

Made of strong batiste, well boned like the top part of Perfect Form No. 18N127. Fine for slender or narrow chested women. Is also a good confiner for a full bust. Neat lace trimming. Even sizes from 34 to 40. **Give the ideal bust size you desire.** Shipping weight, 1 pound.

No. 18N240 **$1.89**

Favorite Comfort Waist.

Made of excellent quality strong sateen, fully lined and closely corded. Neat braid trimming. Soft shirred bust with pockets for padding. Adjustable shoulder straps. Four hose supporters. Clasp, 12 inches long. Sizes, 19 to 30. **State corset size.**

No. 18N241 Extra sizes, 32, 34 and 36. **State corset size**..... **$1.98**

How to Order Your Corset.

Unless you are now wearing one of our corsets it is important that you follow these instructions, as our corsets are cut to agree with this plan of measuring.

Take your waist measure tight over the corset you are wearing and deduct 2 inches for the spread of the lacing. Example: If your waist measures 28 inches, order corset size 26. Always give us your CORSET size, not waist measure.

Average shipping weight, 2 pounds.

Low Bust Corsets *with* Elastic Webbing

For Average and Slender Figures.

Wide sections of fine quality strong elastic, combined with the correct placing of flexible stays give absolute freedom. These three models, which were originally designed for exclusive dancing and outdoor wear, have now become so popular for general wear that they are among the most favored styles of our line.

We recommend them for the great comfort they give, along with splendid support. All are made of good quality strong coutil with sections of heavy elastic webbing, as shown in the illustrations. Each has four strong hose supporters. The busts are real low, only about 2 inches above waistline. The clasps are short, 8 inches in length, with hook below. Two popular front lacing models and one splendid back lacer. **Be sure to state your corset size.** Read "How to Order Your Corset."

No. 18N106 Front lacer. Sizes, 19 to 28. Color, white. Price.....**$1.98**

Fine Hair Switches

Our Very Best Quality Wavy Hair Switches

Made in the Very Popular Three Separate Strand Style, Which Can Be Dressed in as Many Ways as Your Own Hair Divided Into Three Equal Parts.

THE increasing demand among our customers for the very best switches prompts us to urge everyone who can afford it to buy this quality. It will match and blend with your own hair more closely than any other grade, because nature has produced the fineness of texture and natural color, which in other grades is produced by a special process of refining. In weaving and mounting these switches only the finest material and highest skilled labor is employed. The wave is permanent. We match all shades in this quality, except gray or white, for which separate prices are quoted below.

No. 18N4477

How to Order Hair.

Cut a full length sample close to the roots above the ears. (Combings do not make good samples.) State plainly whether you want sample matched at the light or dark part, or in the middle. The middle is usually the best place. State catalog number of article wanted and give size. Average shipping weight of a switch, 4 ounces.

NOTE—For sanitary reasons we do not buy combings.

Transformations, Wigs and Fancy Hair Goods

Ventilated Water Wave.
With Natural Looking Parting.

No. 18N4479 A really effective front covering. Made of first quality hair with beautiful lasting wave. Each hair is ventilated, or fastened separately, into the meshes of a lace net foundation 3½ inches wide and about 13 inches in length. Formed to fit across forehead from ear to ear. Skillful handiwork throughout. Hair can be drawn back about the ears. Has a natural looking ventilated parting in center or right or left side. **State choice.** Send a good sample of your hair. We can match all usual shades. Shipping weight, 6 ounces.

Price $8.75

Our Best Full Wig.

No. 18N4404 Price, as described, in pompadour style (not parted) for all ordinary shades $43.75

No. 18N4404X Price for extreme blond, red or drab shades, or gray mixed.....$48.25

A good wig is a great blessing to the woman who has been deprived of her hair through illness, accident or advancing age.

This beautiful, light weight wig will be designed by an expert to exactly fit your measurements. The many braces will hold it securely in place, yet without pressure. We can dress it up in any style or follow any photograph you may send. If you desire, we will put just a rough curl to the edge to give a soft, natural line.

Six ounces of strictly first quality hair are used, of 22-inch length, finishing about 20 inches long. It has a lovely wave which will last. Across the front and around the edge of the wig each hair is fastened, or "ventilated," into the silk foundation one at a time and looks exactly like growing hair. At the top and back the hair is sewn on strong weft worked together very closely.

Illustration Shows Full Wig With a Lace Parting.

Wigs with lace parting in style like picture above can be had for $3.00 extra. This parting will be of fine quality durable vegetable lace the color of the scalp. Can be in the center, or on your right, or on your left side. **Be sure to state choice.**

If you have never bought a wig from us and are in doubt as to how to measure your head, write for our Special Wig Booklet before ordering.

TRANSFORMATION BAND SWITCHES

THIS arrangement is of the greatest benefit to women with thin hair. It gives the desired fullness entirely around the head, instead of in only one place, as is the case where an ordinary switch is worn. It is placed under the natural hair and is light and comfortable. The hair, which finishes about 18 inches in length, is woven on a fine weft and mounted on a narrow tape, 22 inches long, to encircle the head. We also list the 14-inch size band of hair finishing 12 inches long for those who wish front or back pompadour. We send fully illustrated directions for dressing. Shipping weight, 6 ounces.

Made of our very best quality soft wavy hair, on silk ribbon. Comes in all shades, except gray, gray mixed or white. Write for special prices on these shades.

No. 18N4440 Price, 22-Inch Transformation.....$4.95
No. 18N4441 Price, 14-Inch Pompadour Size..... 3.48

No. 18N4432 Price, 22-Inch Transformation.....$2.45
No. 18N4433 Price, 14-Inch Pompadour Size..... 1.69

We Make Perfect Fitting Toupees and Wigs for Men and Women.

Here is what our customers say: One man writes: "The wig fits as if it grew on my head. It is a splendid piece of artistic work. Another wig maker quoted me a price of $50.00 for the same wig. Your firm saved me almost $22.00 on this one purchase." Another reports complete satisfaction and a clear saving of $25.00 on his toupee. One letter reads: "The toupee you made for my husband arrived. Is fine and a perfect match. It makes him look like he did fifteen years ago."

Write for "Wigs and Toupees" booklet. It shows a complete line of made to order hair pieces. We send full directions with patterns.

The illustrations here show how our toupees improve the bald man's appearance. Men who are accustomed to ordering toupees can safely order at once without writing for our booklet. Mark on a pattern where the parting is to be and send a good full length sample of your hair.

No. 18N4423 Our Highest Grade Toupee. Recommended as one of the very best. Fine quality parting. Price, with plasters.....$26.90

No. 18N4422 A Good Toupee. The grade below our style No. 18N4423. Has vegetable lace parting. Splendid value. Price $22.50

Charming Psyche Knot.

$3.25

No. 18N4388 A beautiful and very popular hair piece, made of our triple refined quality high grade hair. Worn in both high and low styles like illustration. Can also be taken down and worn as a switch. In this quality we can match all shades, except gray, gray mixed or white.

Stemless Switches.

THESE switches are woven on a narrow, short weft, instead of on the rounded stems as generally used. Made of our triple refined quality genuine human hair. Suitable for the making of coils or twists. Match all shades, except gray, gray mixed or white, none of which can be furnished in this style.

No. 18N4395

HOW TO MEASURE HAND FOR GLOVES

HOLD HAND OUT FLAT WITH FINGERS TOUCHING, THUMB RAISED. draw tape close but not tight, as shown in illustration (do not include thumb). To the number of inches shown by this measurement add one-quarter of an inch, which will be your correct glove size. For example, if your hand measures 7 inches in this manner your glove size will be 7¼. ALWAYS STATE SIZE AND COLOR WANTED.

Sizes for gloves are as follows:

Women's Sizes in Fabric, Knitted Yarn and Fleece Lined Kid Gloves: 6, 6½, 7, 7½, 8, 8½.

Women's Sizes in Unlined Kid Gloves: 5½, 5¾, 6, 6¼, 6½, 6¾, 7, 7¼, 7½, 7¾, 8, 8½.

Men's Sizes: 7, 7½, 7¾, 8, 8¼, 8½, 8¾, 9, 9¼, 10, 10½.

The Premier Folding Go-Cart

$12.45

An unusually big bargain. It is equipped with a number of special up to date features and is one of the most attractive go-carts we have even seen.

The Upholstery.

The seat, hood, back, sides and dash are covered with leather cloth in dark green or black. State color wanted.

The Dash.

The large adjustable dash is an especially desirable feature. It is adjustable to three different positions. The large illustration shows it lowered to allow space to place the child in or to remove him from go-cart. When child is asleep, the dash can be raised so as to make a long level bed and protect the feet from wind and weather. When child is sitting upright dash is adjusted to the center position. Metal top rail.

Foot Brake.

The Go-Cart Folded.

No. 1N7718 Price.....$12.45

Shipping weight, about 40 pounds.

The Frame.

The framework is finished in black enamel, thoroughly baked and hardened. It is tastefully striped, giving the go-cart a very attractive appearance.

The Large Hood

has four bows and heavy flexible brace. Easily adjusted and held firmly by patent friction adjustable ratchet. Leather cloth head shelter curtain on back.

The Pusher Handles

are made of tubular steel, with fancy turned black enameled wood hand grips, nickel plated trimmings.

The Body

is of ample size to provide plenty of room for the child when sitting or sleeping. Size with dash raised and back down, 13x32 inches. Back has soft padded loose cushion.

The Side Arms

are black enameled with fancy gold color design.

The Wheels

are 12 inches in diameter, of sufficient size to insure easy pushing over rough roads. Twelve spokes, ½-inch rubber tires. Mud guard over wheels.

16.85

1 Big Easy Riding Go-Cart With Soft Added Seat and Back.

Auto Style Hood With Detachable Side Curtains.

$10.65

Palace Style.

A special feature of this cart is the construction of the sides and front, which are made of heavy fiber board covered with black leather cloth and bound on edges with channel steel bindings. Steel gear frame, black enameled. Long flat steel pusher handles with one-piece black enameled hand grips. 10-inch wheels with ½-inch rubber tires. Size of body inside with back down, 31 inches long and 13 inches wide. Adjustable back and dash. Seat supported underneath with our special steel coil compression springs which absorb all jar and jolt. The hood, seat, sides, front, back and dash covered with leather cloth in **black color.** Folds into a compact form when not in use. Shipping weight, about 40 pounds.

No. 1N7716 Price..... **$10.65**

Framework made of strong spring steel, black enameled. Continuous tubular steel pusher handles. Sides have fancy turned black enameled arms. Dash adjustable to two different positions, either level with seat or raised to make level bed when child is asleep and protect its feet from wind and weather. Wheels, 10 inches in diameter, with ½-inch rubber tires. Fenders over wheels. Size of body with back down, 14½x32 inches. Foot brake. Seat supported underneath with our special steel coil compression springs which absorb all jar and jolt. Hood, seat, back, dash and sides covered with leather cloth in **black or dark green color. State color wanted.** Shpg. wt., about 40 lbs. **$9.45**

$9.45

THE GO-CART FOLDED.

Large production, modern manufacturing methods, economical distribution—these are some of the reasons for our remarkably low prices on this merchandise.

$18.85

Twin-Seat Collapsible Go-Cart.

Each child can be independently placed in upright or in reclining position. The high adjustable backs and folding dashes are separate and independent of each other. Width of body between arms, 23 inches. Total width over all, 26½ inches.

No. 1N7739 Price.....

Has 10-inch wheels with ½-inch rubber cushion tires. Extra large hood. Solid steel pusher handles with black enameled hand grips. The hood, seat, backs and dashes are covered with leather cloth in **dark green or black color. State color wanted.** The frame is extra strong and rigid, finished in black enamel. Security foot brake. This go-cart folds and unfolds in the same easy manner as all our other collapsible go-carts. Shipping weight, about 55 lbs. **$18.85**

The many thousands of these Go-Carts now in use throughout the country—giving satisfactory service every day—is evidence of their high quality.

$7.95

Medium high sides with metal arms. Solid flat steel pusher handles with one-piece black enameled hand grips. Gear frame made of flat steel finished in black enamel. Wheels are 10 inches in diameter, with ½-inch rubber tires. Adjustable reclining back with metal rim. Foot brake. Size body inside with back down, 14½x32 inches. Adjustable dash. Seat is supported underneath with our special steel coil compression springs, which absorb all jar and jolt. Hood, seat, back, dash and sides covered with leather cloth in **dark green or black color. State color wanted.** Shipping weight, about 35 pounds.

No. 1N7705 Price..... **$7.95**

$5.85

Semi-Collapsible Go-Cart. The body folds flat down on axles, but the wheels do not fold up. Framework made of spring steel, black enameled. Flat steel pusher handles with black enameled fancy turned hand grips. Roomy body, size inside, length with back down, 32 inches; width, 14 inches, 10-inch wheels with ⅜-inch rubber tires. The hood, seat, sides, back and adjustable dash covered with leather cloth, **black color.** This is a strong, serviceable go-cart at a remarkably low price. Shipping weight, about 25 pounds.

The Practical Outfit for Baby's Comfort

44 PIECES

MOTHERS!

We offer here an outfit for the new born baby which we consider our best value. It includes the pieces (forty-four in all) necessary for the baby's start in life, and has been carefully selected by a skillful buyer, whose sole idea was to give the utmost in practical value. Every garment in this outfit is made according to the same high standards of workmanship and quality of material which we have set up for the babies' garments shown separately in the following pages. But if you were to select each garment separately you would find in buying a complete outfit we are able to afford you a considerable saving. These outfits are put up in large quantities in our own workroom, under our own supervision, and this makes possible a saving in the expense of handling, of which we are very much pleased to give our customers the advantage.

The list below shows you the items which go to make up this practical, common sense outfit. We are sure you will find it absolutely complete. The price is so reasonable you cannot make a mistake by ordering this big value outfit.

If at any time I can be of service to mothers or expectant mothers, or can give you any advice regarding the selection of materials or garments, I shall be pleased to have you write me personally. You may feel assured your correspondence will remain confidential and that you will receive the same prompt and careful attention as if we had met face to face.

Eliza Emerson Goff

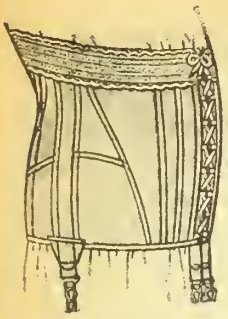
Maternity and Nursing Corsets

HOW TO ORDER CORSETS.

GIVE US YOUR CORSET SIZE, if you know it. If not, take your waist measure tight over the corset you are wearing and subtract 2 inches (which allows for lacing). For example, if your waist measure is 30 inches, over your corset, order corset size 28. DO NOT GIVE YOUR WAIST MEASURE. PUT YOUR CORSET SIZE ON YOUR ORDER. We always consider the size you give to be your corset size. This does not apply to Corset No. 29N242. See description. In every case where we give the height of bust on corsets, we measure from the waistline to the top at a point which comes directly under the breast.



$3.25

No. 29N264

White coutil.

"Berthe May" Model Maternity Abdominal Support. Takes the place of maternity corset for women who cannot or are afraid to wear a corset at all on account of their condition. Can also be worn as comfortable belt or girdle by stout or elderly women. No steels except two at back lacing for support. Two stitched wide inside plaits in front and back for additional outlet as needed. Improved shoe hook front lacing with soft plush lining under hooks. Front length, about 10 inches. Back length, about 12 inches. Four 1¼-inch hose supporters. Sizes, 22 to 38 inches. **State correct size.** Average shipping weight, 1⅛ lbs.

$2.98

No. 29N242

White batiste.

Improved model. Combination Abdominal and Bust Support for expectant mothers. No pressure about waistline. Has the needed back support. Bust part made with reinforced shoe hook lacing, abdominal part, has a 6-inch outlet, adjustable to all stages of pregnancy. Elderly women with large abdomen will find this a good support. Adjustable shoulders straps, two hose supporters. Back length, about 14½ inches. Sizes, 32 to 48 inches abdominal measure. Give your abdominal measure taken at fullest part of abdomen, about 6 inches below the waistline, also your present bust measure. We will send you the correct size. Do not deduct for lacing. Instructions for fitting furnished with each corset. Average shipping weight, 1¼ pounds.

Page 903 Tells You Quickly What We Have for You in This Catalog

Maternity and Nursing Corsets

HOW TO ORDER CORSETS.

GIVE YOUR CORSET SIZE, if you know it. If not, take your waist measure tight over the corset you are wearing and subtract 2 inches (which allows for lacing). For example, if your waist measure is 30 inches, over your corset, order corset size 28. DO NOT GIVE YOUR WAIST MEASURE. PUT YOUR CORSET SIZE ON YOUR ORDER. We always consider the size you give to be your corset size. This does not apply to Corset No. 29N242, page 300. See description. In every case where we give the height of bust on corsets, we measure from the waistline to the top at a point which comes directly under the breast.

$1.45

Per ½ Dozen.

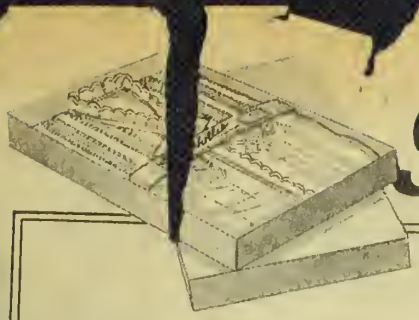
Phillis BRAND UNDERMUSLINS



Our line of muslin underwear known as "Phillis Brand" has been selected with the greatest of care. It will please the most discriminating buyers from a standpoint of style, workmanship and quality of materials. The work has been placed in the hands of skilled operators who have combined high grade cloths with fine embroideries, laces and trimmings to produce a variety of distinctive styles.

In order that this merchandise may reach our customers in the best of condition, each garment is carefully inspected and folded and then neatly packed in tissue paper in a separate box. In each box is a souvenir envelope of dainty sachet powder.

The "Phillis Brand" label is your guarantee of superior undermuslins.

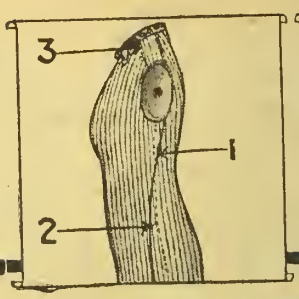
Pilgrim Princess Union Suit

Fine Fabric—Tailored to Fit

1. Ordinary underwear has a seam that runs straight up and down the side of the suit.
2. Pilgrim Princess Underwear has a seam that curves from the back of the armhole to the front of the hip, allowing fullness of cloth across the chest and seat.
3. Made with a set-in shoulder stay that holds the sleeve up.
4. The set-in gusset provides sufficient cloth for fit with comfort. The flap always stays closed.



$1.98 Each Suit

White.

No. 16N6502

Under Present Conditions

Wool Underwear cannot be otherwise than scarce and expensive

The Government requires such quantities of woolen underwear that all or part of the production of most mills that can make it has been taken over to supply the needs of our soldiers and sailors.

Under the circumstances many people who heretofore have worn all wool or part wool underwear will find it necessary to wear cotton underwear.

We quote on this page Women's Medium Heavy Weight Cotton Fleece Lined Union Suits.

They are knit from fine quality cotton yarn. Tailored to fit. Nicely trimmed.

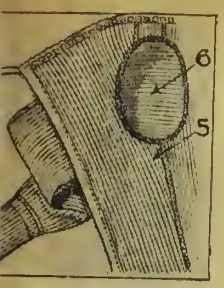
$1.98 Each
in Regular Sizes
and
$2.28 Each
in Extra Sizes

We believe this underwear will give the greatest amount of warmth and service for the least amount of money.

READ ... GUARANTEE ON INSIDE FRONT COVER PA

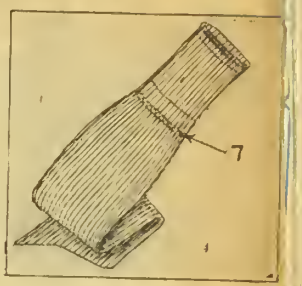
PILGRIM PRINCESS UNION SUITS

FINE FABRIC—TAILORED TO FIT



5. The curved cut armhole fits snugly but does not bind. No surplus material under the arms. The sleeves are set in so they slope downward.

6. This underwear is perfectly made and finished inside as well as out. All seams are reinforced wherever the strain comes.



7. The ankles and cuffs fit snugly, still do not bind. They prevent the garment slipping or crawling up.

Pilgrim Princess Underwear fits, not by stretching and pulling but because it is cut to measure.

Every suit is cut by pattern and every pattern is cut to follow the natural curves of the body.

$2.58 Each Suit

TWO-PIECE UNDERWEAR FOR WOMEN

1 The curved cut armholes fit comfortably without surplus material.

2 The set-in shoulder stays insure neat fitting sleeves, armholes and neck.

3 Cut to conform to the natural curves of the body.

4 Tailored to fit perfectly. Finished inside as well as outside.

5 A patented seat. The set-in gusset makes it fit snugly, still it will not bind in any position. The flap is always closed.

6 A comfort fitting gusseted crotch is a big feature of these garments.

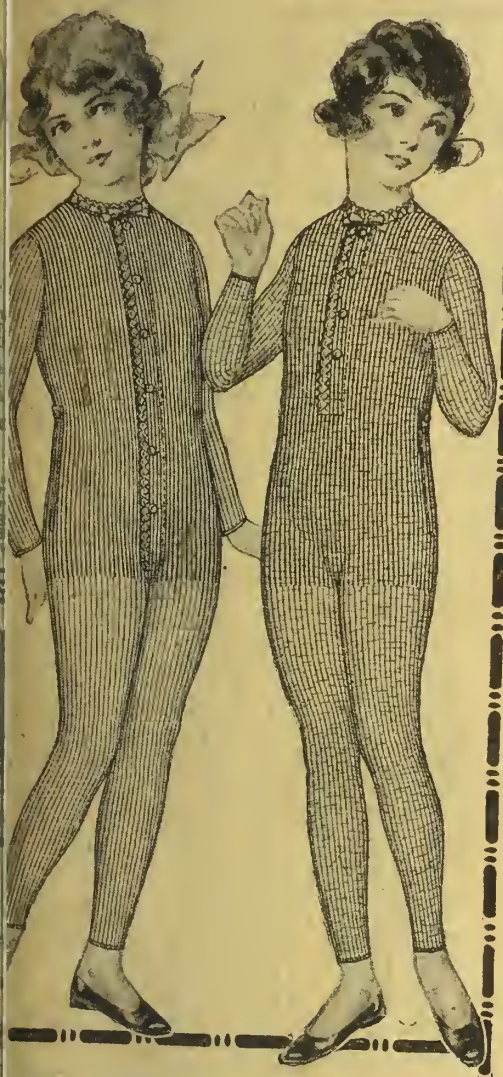
Children's Double-Body Cotton Union Suits

REG. U.S. PAT. OFF. Double Body PILGRIM BRAND PATENTED MAY 18 1915



Under Present Conditions

Wool Underwear cannot be otherwise than scarce and expensive.

The Government requires such quantities of woolen underwear that all or part of the production of most mills that can make it has been taken over to supply the needs of our soldiers and sailors.

Under the circumstances many people who heretofore have worn all wool or part wool underwear will find it necessary to wear cotton underwear.

We quote on this page four cotton fleece lined double-body union suits for children, from

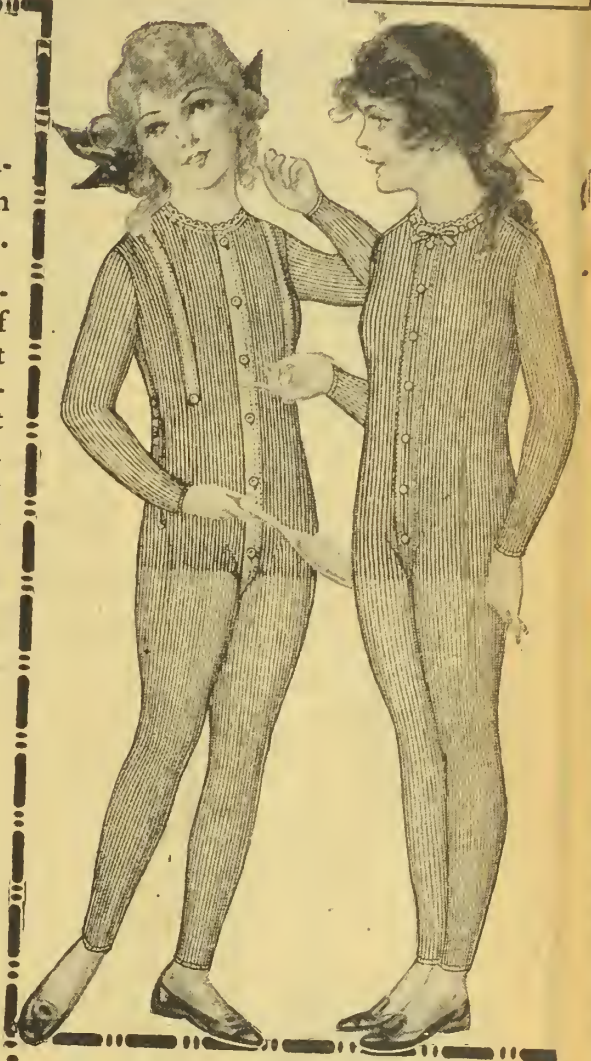
98c to $1.78

EACH

They are knit from selected cotton yarn. The fabric is closely knit and strongly sewed together.

We believe this underwear will give the greatest amount of warmth and service for the least amount of money.

Double-Body Underwear affords extra protection to the wearer. Just the kind of underwear for children who need the extra warmth and for those who become exposed to severe Winter weather. It is made with a double thickness of fabric over the body with a single thickness in the arms and legs, allowing freedom of movement to the limbs.



.08 AND UP EACH SUIT.

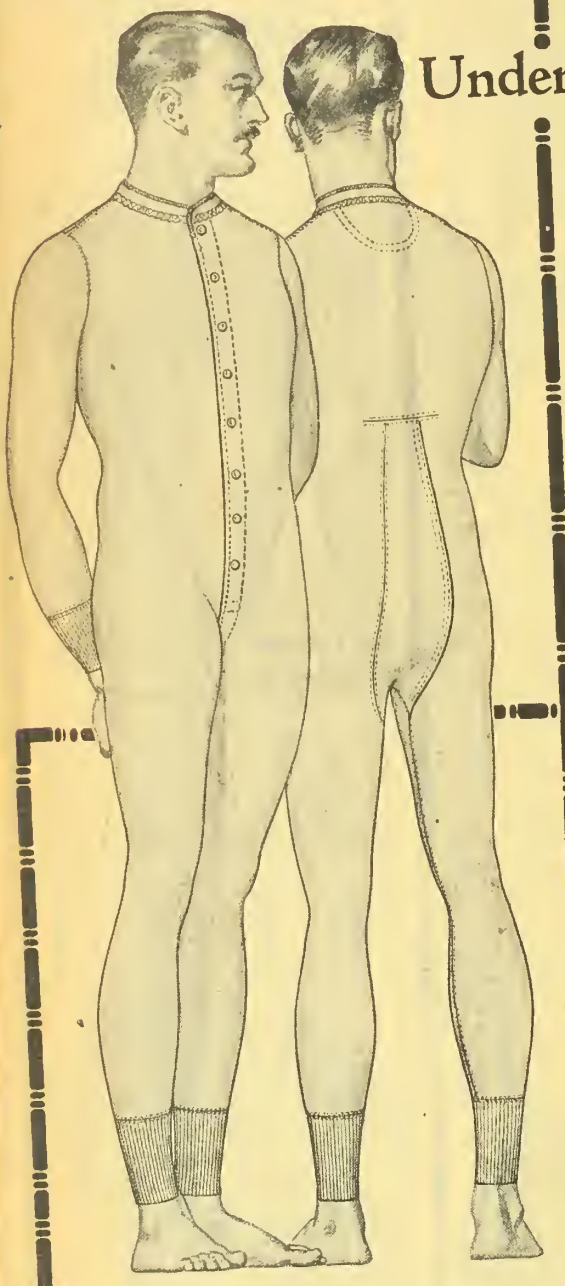
Under Present Conditions



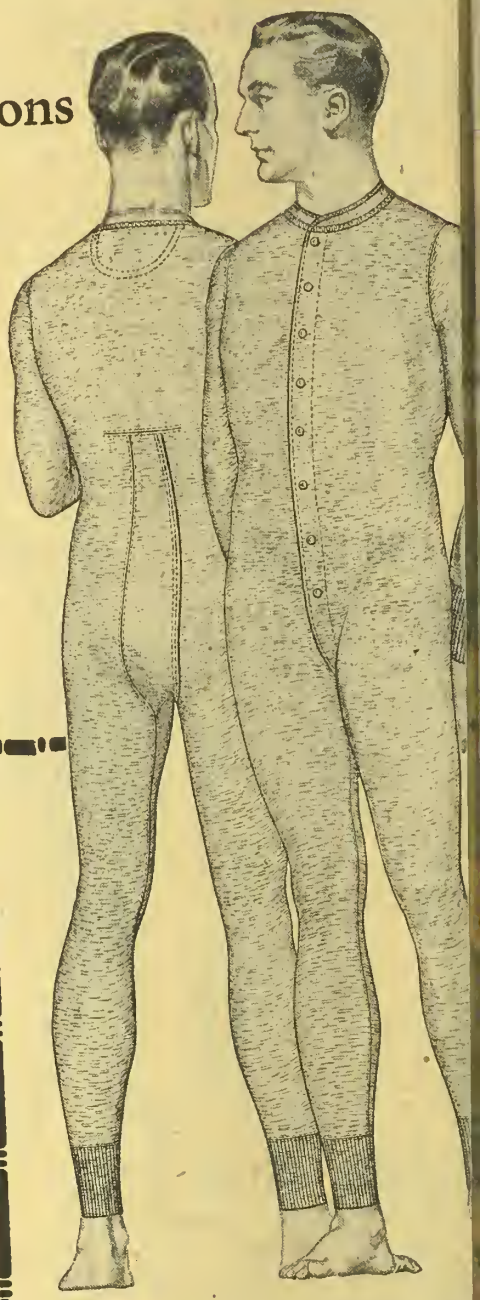
Wool Underwear cannot be otherwise than scarce and expensive.

The Government requires such quantities of woolen underwear that all or part of the production of most mills that can make it has been taken over to supply the needs of our soldiers and sailors.

Under the circumstances many people who heretofore have worn all wool or part wool underwear will find it necessary to wear cotton underwear.

We quote on this page two men's heavy weight cotton fleece lined union suits.

They are flat knit from good quality cotton yarn. The fabric is closely knit and strongly sewed together.



$1.88 Each Suit
Cream Color.

MEN'S HEAVY WINTER WEIGHT FLAT KNIT COTTON UNION SUIT.

No. 16N6001

Double-Body Union Suits

GOOD QUALITY COTTON

PROTECTION—SERVICE

Double-Body Underwear Is Constructed to Protect You From Cold Weather.

Double-Body Union Suits are made with two thicknesses of cloth around the body (chest, abdomen and back). These two fabrics together form a vacuum-like protection against the outside cold and hold the body heat.

A single thickness of cloth in the arms and legs, the active parts of the body that do not need extra protection.

Every man who works in the open knows the dangers of sudden changes of temperature if the body is not properly protected. If you need warm underwear, we know that these suits will give absolute satisfaction.

Double-Body Underwear has proved a great success with our customers.

Each season shows a large increase in the number of satisfied users of our "Double-Body" Union Suits. They are particularly suited to the needs of the men whose work requires them to be exposed to severe weather. The double thickness of cloth around the body gives added protection to the vital parts and the single thickness in arms and legs permits freedom of movement.

Spring Needle.

Spring needle knit underwear is permanently elastic. Will hold its shape and fit with the same elastic snugness after much wear and washing as when new. The garments shown here are heavy weight suits, suitable for cold weather wear. The great advantage of an elastic fabric is that it conforms to the body of the wearer, resulting naturally in greater comfort and as the Spring needle construction renders the fabric permanently elastic it is not affected by laundering or wearing.

$6.50 EACH SUIT

Natural Gray.

Men's Flat Knit Underwear

Wear Cotton Underwear and Save Money

Wool and part wool underwear cannot be otherwise than scarce and expensive on account of the enormous needs of our government. For this reason, many people, who heretofore have worn underwear made of wool or part wool, will of necessity, wear cotton underwear.

Even if you have been accustomed to wearing woolen underwear, we urge you to try cotton fleece lined or heavy cotton underwear. We are sure they will give you the greatest amount of warmth for the least amount of money.

Wear Cotton Underwear and Save Money.

Wool and part wool underwear cannot be otherwise than scarce and expensive on account of the enormous needs of our Government. For this reason, many people, who heretofore have worn underwear made of wool or part wool, will of necessity, wear cotton underwear.

Even if you have been accustomed to wearing woolen underwear, we urge you to try our cotton fleece lined or heavy cotton underwear. We are sure they will give you the greatest amount of warmth for the least amount of money.

44c EACH PAIR — Men's Fleece Lined Cotton Socks Extra Heavy Weight — 44c EACH PAIR

No. 86N2100 Black.
No. 86N2101 Gray.
No. 86N2102 Brown.

Under present conditions wool hosiery cannot be otherwise than scarce and expensive. The Government requires such quantities of woolen socks that all or part of the production of most mills that can make them has been taken over to supply the needs of our soldiers and sailors. Under the circumstances, many people who heretofore have worn all wool or part wool hosiery, will find it necessary to wear cotton.

We believe these Cotton Fleece Lined Socks will give the greatest amount of warmth and service for the least amount of money.

They are knit from a good quality cotton yarn with reinforced heels and toes and elastic ribbed tops with a soft brushed fleecing. Extra heavy weight. Sizes, 10, 10½, 11 and 11½. State size. Average shipping weight, each pair, 5 ounces.

How to Order Boys' Sweaters.

The boys' sweaters offered on this page are designed and made to fit average size boys from 5 to 13 years only. Should your boy be large for his age and require clothing suitable for an older boy, or if he is 14, 15 or 16 years old, see page 423. There we show a complete line of youths' sweaters designed to fill the wants of boys too large to wear boys' sizes and too small to use men's sizes.

Remember, the sweaters on this page are for average size boys from 5 to 13 years only. See the table below before writing your order.

For average size boys, age...	5 years order size 24	6 years order size 26	7 and 8 years order size 28	9 and 10 years order size 30	11 years order size 32	12 and 13 years order size 34

Youths' Sweaters and Jerseys

How to Order Youths' Sweaters.

The youths' sweaters offered on this page are designed and made to fit the average size boys of 14, 15 and 16 years of age only. Experience has taught us that the great majority of boys who are of these ages are too big to wear regular boys' size sweaters and they are not sufficiently matured to wear men's size sweaters.

To supply the wants of these youths, we have designed these special sizes of youths' sweaters. They are made a little larger in every way than the largest boys' sizes and a trifle smaller than the smallest men's sizes. The table below will tell you just how to order.

For average size boy 14 years old order youths' size 34.

For average size boy 15 and 16 years old order youths' size 36.

Average boys of 17 years and older, unless small for their age, should order from men's sweater pages.

4.55 EACH

How to Determine Size to Order.

Take loose measure around the chest, under the arms, over shirt and vest. After taking measure in this manner, refer to table at the right, which will tell you just what size sweater to order.

If you have measured correctly and order according to the directions of this table, your sweater should fit snugly. Should you desire the coat to fit loosely, order a larger size accordingly.

These instructions are for men's sweaters only.

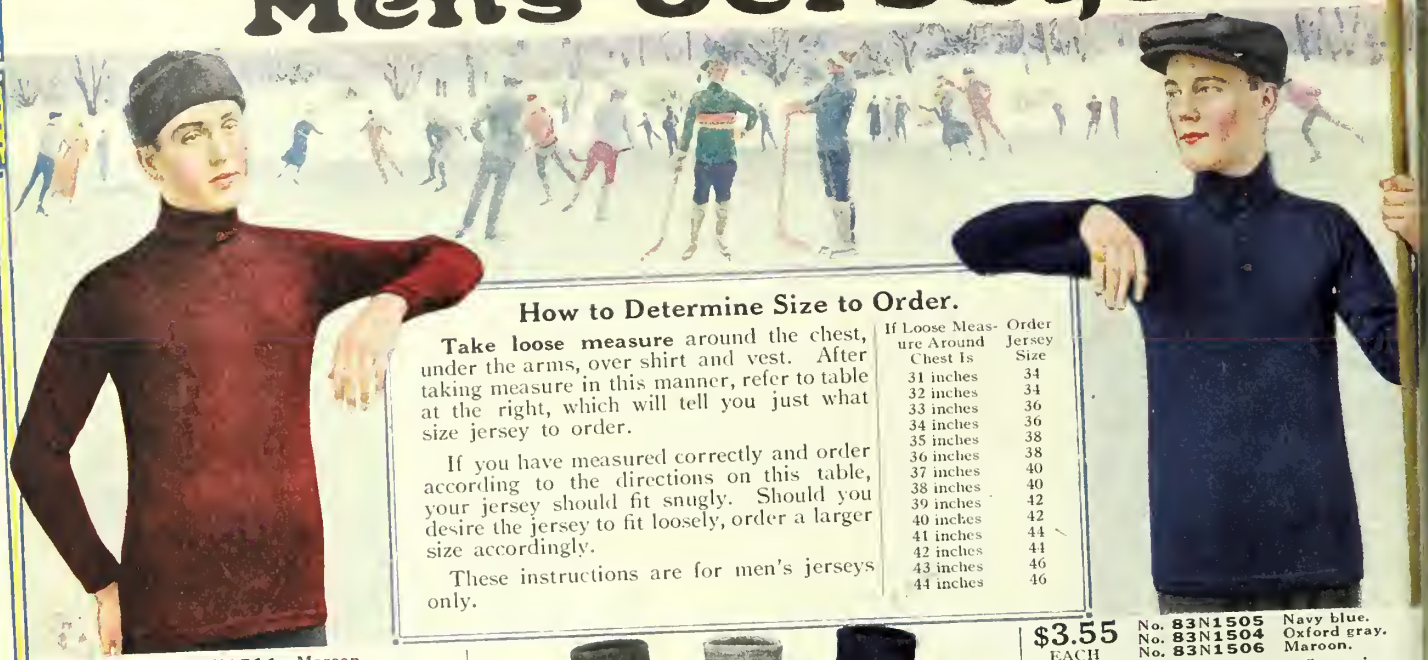
EASURING INSTRUCTIONS ON OPPOSITE PAGE WHEN ORDERING.

Men's Jerseys



How to Determine Size to Order.

Take loose measure around the chest, under the arms, over shirt and vest. After taking measure in this manner, refer to table at the right, which will tell you just what size jersey to order.

If you have measured correctly and order according to the directions on this table, your jersey should fit snugly. Should you desire the jersey to fit loosely, order a larger size accordingly.

These instructions are for men's jerseys only.

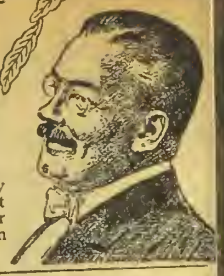
Let us tell you about our TOBACCO



We sell several choice brands of smoking and chewing tobaccos. These brands are especially selected for their flavor and aroma from among the many manufactured, and we offer them to you at reasonable prices. All our tobacco is put up in sanitary, dustproof packages and, on account of our large sales, our stock is constantly moving, thus enabling us to give you tobacco that is fresh and in good condition.

SUN-KIST

SUN-KIST Tobacco possesses a mellow flavor. It is a fine grade tobacco. The curing of the leaves for SUN-KIST is Nature's method. SUN-KIST is made from ripe, mellow, choice crop of sun cured tobacco. All the richness and flavor is brought to a mellow perfection by this method of curing. Try a package and be convinced absolutely of its good quality.

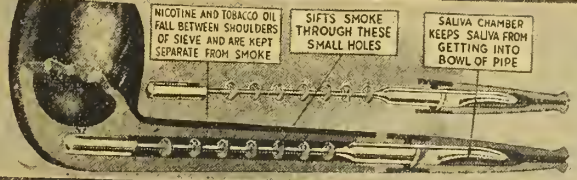
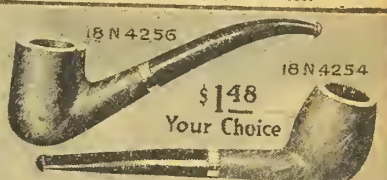
he Perry Patented Pipe

The Only Patented Pipe That We Fully Endorse. The Principle Is Right.





e smoke sifts through the aluminum discs of which has three holes at the top and all settle between the discs, and are removed nply pulling out the shaft which is fastened to the mouthpiece. Shake or wipe e shaft and shove back for another clean, cool smoke. In addition to the large -sieve pipe, of which we show a sectional view above, we offer two slightly smaller each having but four sieves. While the cooling surface is not so great in the r pipes they nevertheless will give perfect satisfaction to the average smoker.

No. 18N4250 Seven sieves, 5¾ inches long. **$1.98**

These two pipes have four sieves each and are about 5 inches long.

We do not handle the highest priced advertised Perry Pipes, which sell at $3.00 for the seven-disc style and $2.00 for the four-disc style, preferring to offer our customers the second quality pipes at a great saving in price. The only difference between our quality and the high priced pipes consists of slight markings in the briar bowls, markings which the average person would seldom notice, and which in our opinion in no way impair the looks or smoking quality of the pipes. The bits and the patented mechanical features are exactly the same.

Groceries

WE WANT the patrons of our big General Catalog to know more about our Grocery Department—to know the high standard of quality we maintain and the completeness of our lines. For that reason we are listing groceries for the first time in our General Catalog on the following sixteen pages.

We have sold groceries for over twenty years through our Special Grocery Catalog, which we issue every month. Nearly a million careful home managers are now regular patrons of our Grocery Store. Think of the good service, the reliable quality, the worth while savings necessary to please and to *hold* so many.

In making up your orders for general merchandise we want you to include groceries, giving us an opportunity to demonstrate to you the unusual quality of our foodstuffs and the savings we can make you.

Before you buy you should know something of the grades we carry. Under our Montclair Brand—our best brand—we submit to you what we believe to be the very best the market affords. All our grades are standard or better, all guaranteed satisfactory. Under our guarantee we could not afford to sell you other than reliable merchandise.

Two examples will illustrate our policy with regard to all our groceries. In Pacific Coast fruits, for instance, there are six grades known to the grocery trade. We carry only three of these grades, the three highest, although there are also three lower grades sold through other channels. Here are the grades as your grocer knows them and our corresponding grades:

Packers' Grade.	*Our Grade.*
1. Special Extra.	*1. Our Montclair Brand.*
2. Extra.	*2. Our Rivera Brand.*
3. Extra Standard.	*3. Our Kingston Brand.*
4. Standard.	*We do not carry.*
5. Seconds.	
6. Water Fruit.	

As to vegetables, any grocer will tell you, for instance, that there are four grades of peas: 1—Fancy, 2—Extra Standard, 3—Standard, 4—Sub-Standard. We carry only the highest grade.

Bear these facts in mind when you look at prices. Remember that our groceries are not "cheap" groceries, but *good* groceries at exceptionally low prices—prices made possible only by buying as close as possible to the source of supply and by every modern labor saving, expense saving method of handling.

Even if you are satisfied with the groceries you are now buying, send us a trial order. Under our guarantee you take no risk. The groceries MUST please you thoroughly and MUST save you money, or we expect you to return them. We *know* you will be pleased from every point of view.

Cooking and Baking Needs

Please Read.

The prices on groceries in this General Catalog are the same as the prices in our Special Grocery Catalog for August, 1918, at which time this catalog was printed. We issue a Special Grocery Catalog each month on account of the constantly changing prices of foodstuffs.

After September 1, 1918, you can either send for our Special Grocery Catalog for current prices or order from these pages. If you order from these pages we will send you the groceries at the prices in force the month we receive your order. This means that where prices have changed, we will return money on groceries that have gone down in price or send you a bill for the difference on goods that have gone up in price.

You will be entirely safe in ordering from these pages at any time, because if you are not absolutely satisfied with the groceries, or if you do not think you have saved money at our latest prices, you may return the goods to us and we will give you back your money, including any transportation charges you may have paid.

Yeast Cakes.

Rivera Brand.

A live, active yeast that will insure good bread.

The net weight of our package is 4 ounces, an unusually large package. Each package contains seven cakes and each cake is sufficient for six loaves.

2 Pkgs., 7c

Contents of package, 4 oz.

G07002	2 pkgs.	7c
G07004	4 pkgs.	13c
G07008	8 pkgs.	25c
G0700	12 pkgs.	37c

NOTE—All yeast loses strength when allowed to age. Our Rivera Brand Yeast will keep perfectly without losing strength for possibly three months, but we suggest that our customers order a quantity to last no more than sixty days. We also recommend that upon receipt of these yeast cakes they be placed in an airtight jar.

Royal Baking Powder.

PLEASE READ.

The prices on groceries in this General Catalog are the same as the prices in our Special Grocery Catalog for August, 1918, at which time this Catalog was printed. We issue a special Grocery Catalog each month on account of the constantly changing prices of foodstuffs.

After September 1, 1918, you can either send for our Special Grocery Catalog for current prices or order from these pages. If you order from these pages we will send you the groceries at the prices in force the month we receive your order. This means that, where prices have changed, we will return money on groceries that have gone down in price or send you a bill for the difference on groceries that have gone up in price.

You will be entirely safe in ordering from these pages at any time, because if you are not absolutely satisfied with the groceries, or if you do not think you have saved money at our latest prices, you may return the goods to us and we will give you back your money, including any transportation charges you may have paid.

Montclair Brand Tea

1-Pound Canister, 64c

Our finest brand. A tea which should satisfy the most exacting. We list nine varieties. Select the variety you are in the habit of using. We are sure you will like our Montclair Brand of that variety, and you will save money. If for any reason you are not satisfied, the tea may be returned to us at our expense.

A Saving Hint.

You can save in several different ways by ordering enough groceries at one time to last you a month or more: (1) The freight charges are proportionately less on a larger, heavier order. (2) We put up numerous grocery items in large packages and sell them proportionately lower than a smaller quantity can be sold for. (3) We also show reductions in price on three, six or twelve grocery items of a kind as against the price of one single item. Why not make the additional savings involved in these quantity prices by ordering enough to last you a month or more?

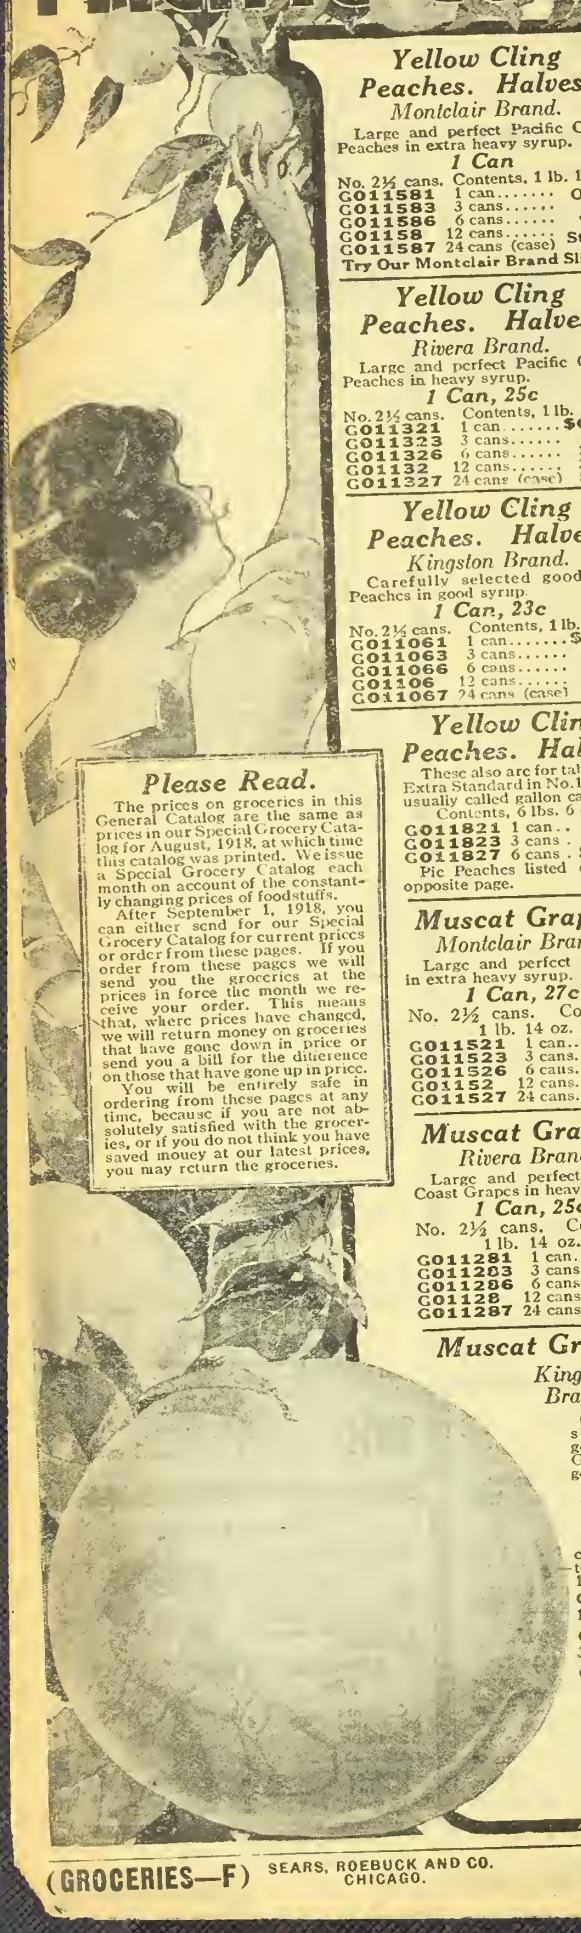
PACIFIC COAST CANNED FRUITS



Please Read.

The prices on groceries in this General Catalog are the same as prices in our Special Grocery Catalog for August, 1918, at which time this catalog was printed. We issue a Special Grocery Catalog each month on account of the constantly changing prices of foodstuffs.

After September 1, 1918, you can either send for our Special Grocery Catalog for current prices or order from these pages. If you order from these pages we will send you the groceries at the prices in force the month we receive your order. This means that, where prices have changed, we will return money on groceries that have gone down in price or send you a bill for the difference on those that have gone up in price.

You will be entirely safe in ordering from these pages at any time, because if you are not absolutely satisfied with the groceries, or if you do not think you have saved money at our latest prices, you may return the groceries.

Please Read.
The prices on groceries in this General Catalog are the same as the prices in our Special Grocery Catalog for August, 1918, at which time this catalog was printed. We issue a Special Grocery Catalog each month on account of the constantly changing prices of foodstuffs.

After September 1, 1918, you can either send for our Special Grocery Catalog for current prices or order from these pages. If you order from these pages we will send you the groceries at the prices in force the month we receive your order. This means that, where prices have changed, we will return money on groceries that have gone down in price or send you a bill for the difference on those that have gone up in price.

You will be entirely safe in ordering from these pages at any time, because if you are not absolutely satisfied with the groceries, or if you do not think you have saved money at our latest prices, you may return the groceries.

Evaporated Apples.
Rivera Brand.
(Ring Cut.)
Fancy selected ring cut, vacuum evaporated, New York State Apples, excellent for cobblers, sauces, etc. Second in quality only to our Montclair Brand.
7-Pound Box, Equivalent to One Bushel of Fresh Apples, $1.09

G08787	7-lb. box	$1.09

Evaporated Peaches.
Different from the ordinary evaporated peaches. They are sun dried in the open orchards and, after drying, the fuzz and peel are brushed off, giving to you a preserved fruit that can be readily brought back to its natural state. Soften in water for an hour or more, boil a few minutes and they will closely resemble the fresh peach.

Bloater Mackerel.

Kingston Brand.

The word bloater signifies a very large, fat mackerel. These fish come from the cold Northern waters of the Atlantic Ocean off the coast of Canada. They are caught with a hook and line and split, cleaned and salted as soon as caught. The meat is very white and tender.

Extra No. 1 Bloaters.

Heads and Tails Off.

15-Pound Pail, $4.18

About 2 pounds each.

G018007	10-lb. pail	$ 2.86
G018017	15-lb. pail	4.18
G018027	20-lb. pail	5.52
G018037	50-lb. tub	13.68
G018047	100-lb. half bbl.	26.52

No. 1 Bloaters.

Heads and Tails On.

15-Pound Pail, $3.63

About 1¾ pounds each.

G018057	10-lb. pail	$ 2.51
G018067	15-lb. pail	3.63
G018087	20-lb. pail	4.80
G018097	50-lb. tub	11.88
G018107	100-lb. half bbl.	22.92

Shore Mackerel.

Kingston Brand.

These are caught in about the same locality and in the same way as the Bloater Mackerel. They run smaller in size, but are of equal quality.

Heads and Tails On.

15-Pound Pail, $3.09

About 1⅛ pounds each.

G018117	10-lb. pail	$ 2.15
G018127	15-lb. pail	3.09

Put up for us by a big packer who selects extra choice tripe for this purpose.

15-Pound Pail, $1.25

Regular.

G023497 15-lb. pail.....$1.25

Pork in Brine.

Kingston Brand.

Here is a family assortment of special cuts of pork in brine packed in 50-pound tubs and inspected the day of shipment. Something like the following is contained in each tub: Approximately 18 pounds of heavy butt pork (which is about two-thirds lean and one-third fat), about 19 pounds of short cut pork (about two-thirds fat and one-third lean), about 6 pounds of clear back pork (free from lean and bone), and 7 pounds of clear pig pork, fine quality of fancy stock, streaked with lean and fat. Each tub, therefore, contains 50 pounds of excellent pork, in a wide variety of cuts.

50 Pounds, $12.74

G023407 50-lb. tub....$12.74

Pork Feet.

Kingston Brand.

From the smaller pigs only. Very choice. Every foot is cleaned by hand before it is pickled and comes to you in a most appetizing condition.

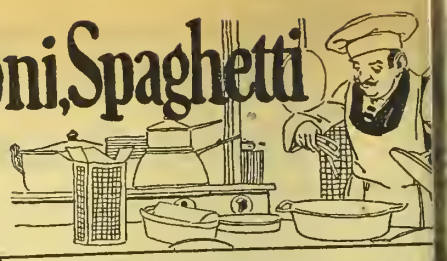
Canned Soups, Cheese, Macaroni, Spaghetti



Please Read.

The prices on groceries in this General Catalog are the same as the prices in our Special Grocery Catalog for August, 1918, when this catalog was printed. We issue a Special Grocery Catalog each month on account of the constantly changing prices of foodstuffs. After September 1, 1918, you can either send for our Special Grocery Catalog for current prices or order from these pages. If you order from these pages we will send you the groceries at the prices in force the month we receive your order. This means that, where prices have changed, we will refund money on groceries that have gone down in price or send you a bill for the difference on those that have gone up in price. You will be entirely safe in ordering from these pages at any time, because if you are not absolutely satisfied with the groceries, or if you do not think you have saved money at our latest prices, you may return the goods for your money.

Macaroni.

YOU'LL FIND ORDER BLANKS IN THE BACK OF THIS CAT

Soaps, Laundry and Kitchen Supplies

Please Read.

The prices on groceries in this General Catalog are the same as the prices in our Special Grocery Catalog for August, 1918, when this catalog was printed. We issue a Special Grocery Catalog each month on account of the constantly changing prices of foodstuffs.

After September 1, 1918, you can either send for our Special Grocery Catalog for current prices or order from these pages. If you order from these pages we will send you the groceries at the prices in force the month we receive your order. This means that where prices have changed we will return money on groceries that have gone down in price or send you a bill for the difference on those that have gone up in price.

You will be entirely safe in ordering from these pages at any time, because if you are not absolutely satisfied with the groceries, or if you do not think you have saved money at our latest prices, you may return the goods.

PLEASE READ

The prices on groceries in this General Catalog are the same as the ices in our Special Grocery Catalog for August, 1918, at which time this talog was printed. We issue a Special Grocery Catalog each month on count of the constantly changing prices of foodstuffs.

After September 1, 1918, you can either send for our Special Grocery talog for current prices or order from these pages. If you order from se pages, we will send you the groceries at the prices in force the month receive your order. This means that, where prices have changed, we l return money on groceries that have gone down in price or send you a l for the difference on those that have gone up in price.

You will be entirely safe in ordering from these pages at any time, cause if you are not absolutely satisfied with the groceries, or if you do think you have saved money at our latest prices, you may return the ds and we will give you back your money, including any transportation rges you may have paid.

White Crown Jar Caps.

Sanitary, practical and economical. You can use them a lifetime, as they are made of strong porcelain glass and can be washed as easily as a dish. Make a perfectly airtight vacuum seal, the opal glass top and rubber fitting tight on the top edge of the jar and the metal screw band binding and protecting the seal on the outside of the glass. By this method of sealing, the contents of the jar do not come in contact with metal or rubber. Sold complete with the rubber, packed 1 dozen to the carton.

Three Leading Suit Values

To Emphasize the wonderful values of our Men's Clothing and bring these values more directly to your attention, we have selected from our line these three suits as representative of the price saving opportunities our Men's Clothing offers. These exceptional values are offered despite the increased cost of woolens and tailoring.

We offer here a blue serge, a gray serge and a self stripe brown worsted suit, made of all wool fabrics, guaranteed fast color, at prices that will be instantly recognized by everyone as remarkable suit values, particularly under present high cost conditions.

Our complete line shows values equally as good, and we know you will save money by selecting your new suit, overcoat or pants from the following pages.

Look through the following pages of suits, which show values equally as great as the suits on this page, and remember that all our garments are sold under our binding guarantee to please or return your money.
